PROMETON VEGETATION KILLER

Bare Ground Weed Control around guard rails, airports, military installations, highway medians, pipelines, railroads, lumberyards, rights-of-way, buildings, storage areas, fences, pumps, machinery, fuel tanks, drainage ditch banks, recreational areas, roadways, or similar areas

**PROMETON
VEGETATION KILLER**

Uniformly spray one mixed in ten gal. of Thoroughly wet all foliage obtained when application dense, use 1 1/2 gal. of gallons of water per perennial weeds and and wild carrot, use PROMETON VEGETATION through foliar contact, therefore, adequate coverage zone is necessary. Under conditions where season long, a second weed-free soil surface Care must be taken to flower beds, lawns and trees or woody ornamentals drip-line of trees. Avoid Do not reuse empty drums by perforating or crushing water supplies.

IMPORTANT: Read the entire Directions for Use and the Conditions of Sale and Warranty before using this product.

Since weather and other conditions under which this product may be used will vary, the Seller makes no warranty of any kind, express or implied, concerning the use of this product. The user assumes all risks of handling not in accordance with directions or suggestions.

ACTIVE INGREDIENTS

Prometon: 2,4-bis (isopropylamino)-6-methoxy-s-triazine	3.73%
Petroleum distillate	81.04%
INERT INGREDIENTS	15.23%
Total	100%

3.73%
OK

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contact with eyes and skin. In case of skin contact, wash with soap and water. Avoid inhalation of spray mist. Avoid contamination of food and feed. Do not contaminate water used for irrigation or domestic purposes. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label. Do not reuse container. Destroy when empty. Do not use, pour, spill or store near heat or open flame. Store at temperatures above 32° F.

CAUTION

KEEP OUT OF THE REACH OF CHILDREN

Harmful or fatal if swallowed.
See back panel for other precautions.

DIRECTIONS FOR USE

Uniformly spray one gal. of PROMETON VEGETATION KILLER mixed in ten gal. of water over 1,000 sq. ft. of soil surface. Thoroughly wet all foliage to insure contact action. Best results are obtained when applications are made during or after weed emergence while growth is succulent. Where vegetation is tall and dense, use 1 1/2 gal. of PROMETON VEGETATION KILLER in ten gallons of water per 1,000 sq. ft. For control of hard-to-kill perennial weeds and grasses such as johnsongrass, bindweed, and wild carrot, use 3-4 1/2 gals per 1,000 sq. ft. Although PROMETON VEGETATION KILLER has considerable activity through foliar contact, much of its activity is through the roots and, therefore, adequate rainfall to move the chemical into the root zone is necessary.

Under conditions where the rainfall is high and the growing season long, a second application may be necessary to maintain a weed-free soil surface.

Care must be taken to keep this herbicide away from desirable flower beds, lawns and shrubs. Do not apply over roots of valuable trees or woody ornamental plants. Only apply herbicide outside the drip-line of trees. Avoid spray drift to desirable plants.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

F

- c. On the front panel under KEEP OUT OF REACH OF CHILDREN, add the following:

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink promptly a large amount of milk or water. Do not induce vomiting because of aspiration hazard. Call a physician immediately.

IF IN EYES: Rinse eyes for at least 15 minutes with water. Get medical attention if irritation persists.

IF ON SKIN: Wash promptly with soap and water.

IF INHALED: Move to fresh air area.

- d. Delete the front panel statement "Harmful or fatal if swallowed."
- e. Revise the front panel referral statement to read "See back panel for additional precautionary statements."
- f. A net content statement is required on the labeling.
- g. Immediately under DIRECTIONS FOR USE, add "It is a violation of Federal law to use this product in a manner inconsistent with its labeling."
- h. On the back panel, revise the present precautionary statements to read:

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION

Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin, or clothing. Avoid breathing vapors or spray mist. Wash thoroughly after handling or spilling on skin. Keep children and pets away from treated areas until thoroughly dry.

ENVIRONMENTAL HAZARDS
Do not apply directly to water. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS
Do not use or store near heat or open flame.

- i. Under the heading STORAGE AND DISPOSAL, add the following:

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to applicable Federal, State, or local procedures.

(CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved state or local procedures.

j. A sample labeling format is enclosed for your guidance.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
