

Bioguard 1500

ACTIVE INGREDIENT:

Potassium dimethyldithiocarbamate 4000.000 12.5 %

INERT INGREDIENTS 87.5 %

This product contains 1.1 lb. of active ingredient per gallon and weighs 8.77 lb. per gallon.

**KEEP OUT OF REACH OF CHILDREN
WARNING**

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

WARNING Causes eye damage and skin irritation. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Avoid contamination of food. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT. In case of skin contact, wash with plenty of soap and water. Remove contaminated clothing and wash before reuse. If product gets in the eyes, flush immediately with copious amounts of clean, cool water for at least 15 minutes. Get medical attention immediately. If product is swallowed, call a physician immediately. If patient is conscious, induce vomiting by stroking or tickling the patient's throat or far back on patient's tongue. Emetics such as 2 teaspoons of 1% solution of ipecac syrup or 1 teaspoon of 10% solution of mustard in warm water to form a paste or even soap in warm water can be used. Repeat until vomitus is clear. Then have patient drink plenty of milk, gelatin solution, beaten egg whites, flour and water or other non-alcoholic liquid. Never induce vomiting or give anything to the patient if unconscious person.
Note to physician: Probable mucosal damage may warrant gastric lavage.

ENVIRONMENTAL HAZARDS. This pesticide is toxic to fish. Do not discharge treated effluent into streams, ponds, or public waters unless in accordance with a NPDES permit. For more information, contact the U.S. Office of the Environmental Protection Agency.

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Bioguard 1500 is used in industrial and/or commercial recirculating cooling tower systems and industrial air-washing systems to control microbiological slime. Prior to the use of Bioguard 1500 in industrial and/or commercial recirculating cooling tower systems, systems should be cleaned to remove algal growth, microbiological slime, and other deposits. Then make an initial slug addition of 9.5 to 14.2 fl. oz. of Bioguard 1500 per 1000 gal. of water to provide 80 to 120 ppm of Bioguard 1500, based on total weight of water in the system. Repeat initial dosage until control is evident. Make subsequent slug addition of 4.7 to 14.2 fl. oz. of Bioguard 1500 per 1000 gal. of water (40 to 120 ppm Bioguard 1500) every 2 to 5 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of recirculating cooling tower systems.

Bioguard 1500 is used in industrial air-washing systems which maintain effective mist eliminating components. Prior to its use, systems should be cleaned to remove bacterial slime and other deposits. An initial slug dose of 22.2 to 28.4 fl. oz. of Bioguard 1500 per 1000 gal. of water is recommended. Repeat initial dosage until control is evident. Subsequent slug additions of 16.5 to 28.4 fl. oz. of Bioguard 1500 per 1000 gallons of water should be employed every 1 to 5 days, or as needed. The frequency of addition depends upon the relative amount of bleedoff and severity of the bacterial problem. Slug additions may be made to the sump or the water collection trays of the airwash system.

STORAGE AND DISPOSAL

PREPARATION. Do not mix with other pesticides or fertilizers. Open dumping is prohibited.
PERMITTED DISPOSAL. Pesticide should be disposed of in a safe manner, such as incineration, or chemically reprocessed at an approved facility for a waste disposal. Do not discharge into water supplies.

CONTAINER DISPOSAL.
META. To be disposed of in accordance with the approved method of disposal as approved under the Federal Insecticide, Fungicide, and Rodenticide Act. Do not reuse for other purposes.
W. To be disposed of in accordance with the approved method of disposal as approved under the Federal Insecticide, Fungicide, and Rodenticide Act. Do not reuse for other purposes.
U. To be disposed of in accordance with the approved method of disposal as approved under the Federal Insecticide, Fungicide, and Rodenticide Act. Do not reuse for other purposes.
