US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 4000-103	DATE OF ISSUANCE NOV 22 1985
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT Aqua Mist Insecticide	

NOTICE OF PESTICIDE:  REGISTRATION  
 REREGISTRATION  
 (Under the Federal Insecticide, Fungicide,  
 and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Southern Chemical Products Co.  
 P.O. Box 205  
 Macon, GA 31297

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase "EPA Registration No. 4000-103."
  - b. The words "Active Ingredients" and "Inert Ingredients" must be aligned to the same margin and given equal prominence.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

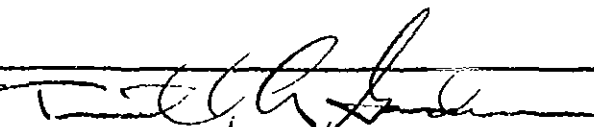

A stamped copy of the label is enclosed for your records.

Timothy A. Gardner

**(TO THE USER: If you cannot read English, do not use the product until the label has been fully explained to you).**

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

**SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS AND STATEMENT OF PRACTICAL TREATMENT**

MANUFACTURED BY:  
**SOUTHERN CHEMICAL PRODUCTS CO.**  
MACON, GEORGIA

**PRECAUTIONARY STATEMENTS/HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION**

Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is prepared or processed. Do not use in serving areas while food is exposed. In the home cover all food and remove all food and cooking utensils.

**STATEMENT OF PRACTICAL TREATMENT:** If In Eyes Flush with plenty of water. Get medical attention. If On Skin Wash with plenty of soap and water. Get medical attention.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not apply directly to water or to the surface of streams, rivers, lakes, ponds, or other bodies of water. Do not apply directly to cleaning of equipment or disposal of wastes.

**PHYSICAL AND CHEMICAL HAZARDS:** Do not apply this water-based product in conducting electrical work. Do not apply to switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that may be stained by water.

**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. Do not store this water-base formulation at temperatures below 32 F (0 C).

**PESTICIDE DISPOSAL:** Pesticide, spray mixture, or rinse water that cannot be used according to label directions should be disposed of according to applicable Federal, State or Local procedures.

**CONTAINER DISPOSAL:** For Containers 1 Gallon and Under: Do not reuse empty container. For Containers Over One Gallon: Triple rinse (or equivalent). Then offer for recycling or dispose of in a sanitary landfill, or by other approved State and Local procedures.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For use on outdoor premises of hotels, motels, homes, preschools, apartment buildings, commercial buildings, recreational buildings, boats, ship cabins, and hospitals. **IN HOSPITALS,** remove patients from rooms for two hours before returning patients. Also, for use in and around campers, mobile homes, and trailers. Do not use in and around airplanes, trucks, boxcars and ship cargo holds only if the vehicles are not used for food products at any time. Also, for use in dog kennels and horse stables. In horse stables, do not use for feed. Do not spray on horses and dogs. Do not spray dog and horse food or feed. **OPERATORS:** One gallon of spray is sufficient to treat 1500 linear feet with a 6 inch spray nozzle.

**INDOORS**

**CONTACT SPRAY:** Flying insects - To kill house flies, blackflies, mosquitoes, cluster flies (millers): Apply as a space spray. Mix well before using. Fill spray tank with spray dilution. Add a fine spray. Apply as a contact spray, hitting insects directly where possible. Keep the spray nozzle away from fabrics to avoid wetting or staining. Repeat as necessary.

**CRAWLING INSECTS:** To kill cockroaches (waterbugs), crickets, silverfish, earwigs, spider mites and grain insects (adults and accessible stages of confused flour beetles, red flour beetle, cigarette beetles, shiny spider beetles, carpet beetles, grain weevils, Angoumois grain moth) contact spray. Mix well before using. Fill spray tank with spray. Keep spray nozzle about 18 to 24 inches from areas to be treated. Spray these with a slow sweeping motion about 18 to 24 inches from areas to be treated. Adjust pressure and nozzle to deliver a coarse spray with particle size larger than 100 microns. Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipe, baseboards, storage areas and other insect harborage areas. Spray directly on insects when possible.

**TO KILL SPIDERS:** Spray directly on these pests and use repeated applications to the walls and corners which harbor spiders.

**TO KILL ANTS:** Spray doors, around window frames, and other points of entry. Spray ant trails and many ants directly as possible.

**OUTDOORS**

Premises: for use around residential, commercial and institutional buildings, gardens, greenhouses and campers. To control the pests listed below: **TO KILL HOUSE FLIES, MOSQUITOES, GRASSHOPPERS, BLACK FLIES, FLYING MOTHS (Millers), FRUIT FLIES:** Spray resting areas to reduce population. Spray 18 to 24 inches from areas to be treated. Spray these with a slow sweeping motion about 18 to 24 inches from areas to be treated. Treat open porches and patios when air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.
