

AD-BAC is a cleaner and disinfectant designed for institutional use such as Hospitals, Nursing Homes and Institutions where housekeeping will be of prime importance in controlling the hazard of ~~contamination, hard surfaces disinfection~~ can help in this control and can provide the assurance you need in this area, when used as directed. For use on floors, walls, sink tops, garbage pails, telephones, rest rooms, bed pans and operating rooms. Effective against Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa. Also effective against pathogenic fungi, Trichophyton interdigitale.

*Precautionary Statements
Hazards to Humans and Domestic Animals*

DANGER

Keep Out of Reach of Children. Corrosive causes eye damage and skin irritation. Do not get in eyes, on skin or on-clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

DIRECTIONS FOR USE

Use at 2 ounces per gallon. This product will be effective against Pseudomonas aeruginosa PRO-10 at this level. This has been substantiated by the AOAC Use Dilution Confirmation Test. At this level, the product is fungicidal against pathogenic fungi. For best results, use AD-BAC with a cloth or mop and apply to walls, floors and other hard surfaces. *Surfaces must remain wet for 10 minutes.*

It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

For heavy soil or organic matter, a precleaning step is ~~required.~~

Do not re-use empty container. Rinse thoroughly with water and discard it in trash.

AD-BAC, when used on environmental inanimate hard surfaces at 2 ounces per gallon of water, is effective against influenza A₂, Herpes Simplex, Adenovirus type 2, and Vaccinia Viruses.

STORAGE AND DISPOSAL

STORAGE:

Store in original containers only. If container is damaged or is leaking transfer to a clean, never used container. Mop up spill and dispose of on site in trash.

Avoid cross-contamination with other products, water, food or feed.
Keep in locked storage area.
Storage temperature 40°F - 80°F

CONTAINER DISPOSAL

Triple rinse (or equivalent) the container. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the hazardous waste representative at the nearest EPA regional office for guidance.
