

# INDUSTRIAL WATER COOLING TOWER ALGAECIDE

## DIRECTIONS FOR USE

*Initial Dose:* 1-2 gallons Free Ride to each 5,000 gallons of water contained in the system. Repeat until control is evident. When system is in control, add

*Periodic Dose:* 1-3 quarts Free Ride to each 5,000 gallons of water contained in the system every 7 days or sooner should visible growth appear.

For best results, clean heavily contaminated systems before treatment with this product. If soap or anionic detergent is used, rinse thoroughly before charging with Free Ride. Apply Free Ride at a point in the system where uniform mixing will take place.

Do not be alarmed with the sudden appearance of organic debris in the system during the first week of operation. This is normal and is a good indication that Free Ride has effectively penetrated and dislodged dead organic material which tenaciously adheres to metal and wooden surfaces as living matter. This debris should be removed from the system to avoid clogging of screens and pipes.

## FISH AND/OR WILDLIFE PRECAUTIONS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public waters. Apply this product only as specified on this label.

# FREE RIDE

Concentrated Algaecide for Industrial recirculating water cooling towers. Helps keep water cooling tower systems clear and free of visible algae slimes.

## ACTIVE INGREDIENTS:

n-Alkyl (60% C<sub>14</sub>, 30% C<sub>16</sub>, 5% C<sub>12</sub>, 5% C<sub>18</sub>) dimethyl benzyl ammonium chlorides..... 5%  
n-Alkyl (68% C<sub>12</sub>, 32% C<sub>14</sub>) dimethyl ethylbenzyl ammonium chlorides..... 5%

INERT INGREDIENTS: ..... 90%  
100%

EPA Reg. No. 4029-24  
EPA Est. No. 4029-NY01

## DANGER!

Keep out of Reach of Children. See right side panel for first aid and additional precautionary statements.

## WARRANTY

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practices. The user must assume all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials. Statements concerning these products are not to be construed as recommending the infringement of any patent, and no liability for infringement arising out of any such use is assumed.

When Free Ride is used as an aid in controlling and development of unsanitary conditions which are unsightly, prevent production which are often the cause of breakdown.

Free Ride is compatible with corrosion inhibition and may be used in the presence of anionic detergents. Free Ride is non-corrosive to inorganic materials.

## DANGER!

Keep Out of Reach of Children. Causes severe eye and skin irritation. Get in eyes, on skin or clothing, use goggles or face shield when handling. Harmful if swallowed. Avoid contamination of food and drink.

### DANGER!

Keep out of Reach of Children. See right side panel for first aid and additional precautionary statements.

When Free Ride is used as directed, it will aid in controlling and/or preventing the development of unsanitary slime conditions which are unsightly, produce foul odors and which are often the cause of equipment breakdown.

Free Ride is compatible with virtually all corrosion inhibition additives, but should not be used in the presence of soap or other anionic detergents. Free Ride at use dilution is non-corrosive to inanimate hard surfaces.

### DANGER!

Keep Out of Reach of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

### NET CONTENTS:

### FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician.

### NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Do not reuse empty container. Rinse thoroughly with water before discarding or returning drum to drum reconditioner.

### WARRANTY

Warranties for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee is implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer assumes responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials. Statements concerning the use of this product are not to be construed as recommending the infringement of any patent, and no liability for infringement arising out of any such use is assumed.
