

# LUMAR PLUS

BACTERIOSTAT

## powdered fabric softener

Using Lumar Plus is like  
having your own money tree.

24-3-73  
4035-1

**LUMAR PLUS** is a Quaternary Ammonium Compound in powdered form. Ready to use right from this package; no mixing required. Lumar Plus leaves fabrics with a bacteriostatic finish that effectively prevents the growth of antibiotic resistant staph in the treated fabric under conditions of high relative humidity or wet contamination. For Commercial and Institutional Laundries.

Rinse empty container thoroughly with water and discard it.

### DIRECTIONS FOR USE

Add 1 1/2 ounces of Lumar Plus in the final rinse for each 100 pounds of fabric dry weight or per 20 gallons of water.

### ACTIVE INGREDIENTS:

n-Alkyl (98% C<sub>12</sub>, 2% C<sub>14</sub>) dimethyl  
1-naphthylmethyl ammonium chlorides,  
monohydrate ..... 4%

INERT INGREDIENTS\* ..... 96%

\*Inert materials provide softening action.

### DANGER:

#### Keep Out of Reach of Children.

Causes eye damage and severe skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes when handling concentrate including proper shielding of eyes to avoid an accidental splashing. Harmful if swallowed. Avoid contamination of food.

### FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.
