

This Aerosol Insecticide is essentially a contact insecticide and knocks down quickly and kills many flying insects enveloped in the spray mist, including flies, mosquitoes, gnats, flying moths. Wetting by direct spraying kills many crawling insects, including roaches, ants, silverfish and bedbugs.

Flying Insects: Mosquitoes, flies, gnats, flying moths. Close doors and windows to confine spray. Spray upwards in all directions 4 to 5 seconds per thousand cubic feet. Keep room closed 15 to 20 minutes after spraying.

Crawling Insects: Roaches, ants, silverfish. Spray insects directly and spray into hiding places. Spray into cracks and crevices under and behind sinks, cupboards, drawers, woodwork, refrigerators, pipes and drains where insects occur. Spray insects directly when driven out of hiding by spray. Keep room closed for 30 minutes after spraying. Repeat as necessary.

Moth Worms and Carpet Beetles: Clean and spray closet thoroughly to reach all hiding places. Clean and brush articles to be protected and then holding aerosol 24 inches from article, spray thoroughly, but not heavily enough to wet fabric. Give particular attention to seams and folds. Allow articles to dry completely before storing or using. Repeat application every 30 days unless articles are stored in moth tight containers previously cleaned and sprayed with this aerosol insecticide.

Bedbugs: Take bed and other furniture apart and spray thoroughly, slats, springs, and all cracks and crevices. Spray thoroughly entire mattress, especially seams and tufts and allow to dry completely before using. Spray all cracks and hiding places in room, including

AEROSOL INSECTICIDE

WITH PERTHANE

Kills Flies, Mosquitoes, Roaches, Bedbugs, Silverfish, Ants, Flying Moths and Certain Other Insects.

behind woodwork, loose wallpaper, picture frames and molding. Repeat applications as necessary.

WARNING: Contents under pressure. Do not store near heat, in direct rays of sun, in closed cars in the sun or in any other location where temperatures will exceed 110 deg. F. If exposed to high temperatures excessive pressure will develop and may cause can to burst as with any aerosol bomb. Do not puncture or incinerate can.

CAUTION: Keep out of reach of children. Avoid contamination of foodstuffs. Do not use in commercial food preparation areas or in edible products area of food processing plants. Do not use on humans, pets or plants. Remove bird cages and fish bowls from room before spraying. Avoid prolonged inhalation of spray by leaving room after spraying. Ventilate area when treatment is completed. Keep nozzle at least two feet from surfaces to avoid staining. Avoid prolonged or repeated contact with skin. Wash hands with soap and water after using.

Active Ingredients:

Pyrethrins	0.20%
Technical piperonyl butoxide**	0.50%
Diethyl diphenyl dichloroethane	1.90%
Related reaction products	0.10%
Petroleum distillate	12.30%

** Equivalent to 0.4% (butylcarbityl) (6 propylpiperonyl) ether and 0.1% related compounds.

Inert Ingredients: 85.00%

USDA Reg. No. 4077-18

Net Contents 16 ozs. Avdp.

ACTUAL LABEL SIZE
5-7/8 x 8-3/4

CAUTION: KEEP OUT OF REACH OF CHILDREN. SEE ADDITIONAL CAUTIONS ON RIGHT HAND PANEL
