HANG HERE

BEFORE USING ENDEW, CLEAN ALL ARTICLES OF MILDEW.

MILDEW is a fungus which will **not** grow in the presence of Endew vapor, when used as directed.

MOTHS are killed by the use of Endew at the rate of 5 oz. per 15 cu. ft. of tightly enclosed space. Clothes should be thoroughly cleaned or brushed and aired before storing.

ODORS arising from mildew are eliminated by Endew vapors even before mildew becomes visible.

ENDEW acts quickly and gives off vapors automatically - protects shoes, luggage, carpets, draperies, books, furniture, sporting equipment, boats, in fact any object on which mildew tends to form.

ENDEW HAS BEEN IN USE CONTINUOUSLY SINCE 1953

DEFINITIONS
