

ARBIE RUMINANT SCOOTER FORMULA R-B-N MINERAL FEED

To prevent the development of Horn Flies, Face Flies, House Flies and Stable Flies in the manure of treated cattle.

ACTIVE INGREDIENT	BY WEIGHT
2-chloro-1-(2,4,5-trichlorophenyl) vinyl dimethyl phosphate.	1.24%*
INERT INGREDIENTS	98.76%**
Total	100.00%

* Each pound contains 5.6 gms RABON

** Refers only to ingredients which are not larv-
cidal.

GUARANTEED ANALYSIS

Calcium (Ca), not more than	18.00%
Calcium (Ca), not less than	16.50%
Phosphorous (P), not less than	5.50%
Salt (NaCl), not more than	10.50%
Salt (NaCl), not less than	9.50%
Iodine (I), not less than	0.056%
Vitamin A	100,000 U.S.P. units per pound

FEED INGREDIENTS

Dicalcium Phosphate, Active Dry Yeast, Ground Limestone, Sodium Sulfate, Sodium Bicarbonate, Salt, Wheat Middlings, Dried Condensed Fermented Corn Extractives, Condensed Fish Solubles, Iron Carbonate, Sulfur, Oil of Anise, Potassium Iodide, Vitamin A Acetate (with improved stability), Vitamin E Supplement, Vitamin D-3 Supplement (with improved stability), Menadione Dimethylpyrimidinol Bisulfite, Copper Oxide, Cobalt Carbonate, Manganous Oxide, Zinc Oxide, Cane Molasses.

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS

CAUTION

Harmful if swallowed. Avoid contact with skin and eyes. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating or smoking. If in eyes, wash with plenty of water for 15 minutes. If irritation persists, see a physician.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Feed Arbie Ruminant Scooter Formula RBN Mineral Feed at the rate of one ounce per 500 lbs. of body weight per head per day by mixing it into the ground grain or complete daily ration.

Start feeding Arbie Ruminant Scooter Formula RBN Mineral Feed early in the spring before flies begin to appear and continue feeding throughout the summer into the fall until cold weather restricts fly activity.

Arbie Ruminant Scooter Formula RBN Mineral Feed may be fed up to slaughter and to lactating dairy cows.

Arbie Ruminant Scooter Formula RBN Mineral Feed prevents the development of horn flies, face flies, house flies and stable flies in the manure of treated cattle but is not effective against existing adult flies. When starting a feeding program during the fly season, it is desirable to use other control measures to reduce the population of existing adult flies.

In some cases, supplemental fly control measures may be needed in and around cattle lots and buildings to control adult house flies and stable flies which can breed not only in cattle manure but in other decaying vegetable matter or silage on the premises.

In order to achieve optimum fly control, Arbie Ruminant Scooter Formula RBN Mineral Feed should be used in conjunction with other good management practices.

STORAGE AND DISPOSAL

Do not contaminate water or food by storage or disposal. Open dumping is prohibited. Dispose of in an incinerator or landfill approved for pesticide containers or bury in a safe place.
