Re: Registrant: W.M. Barr and Company, Inc.
Product: Miltrol (EPA Reg. No. 4091-12)
Notification of minor label changes permitted under PR Notice 98-10

Dear Velma:

On behalf of our client, W.M. Barr and Company, Inc., we are notifying the EPA of several minor changes to the Miltrol label. These changes are outlined below:

1. Adds several generic use descriptions in a new section entitled "Optional General Claims." Each of the proposed generic use descriptions is currently described in the "Directions for Use."
2. In the "Optional General Claims" section, adds a new claim which deletes the word "inhibits" from the current phrase "Creates an invisible barrier to inhibit the growth of mold and mildew."
3. In the "Directions for Use" section, adds generic use descriptions to each of these sections. These new generic descriptions are the same as the proposed optional claims outlined in #1 above.
4. Revises the "First Aid" section to be consistent with the current Label Review Manual. Specifically, these revisions are:
 - In the "If on skin" section, adds the statement "Call a poison control center or doctor for treatment advice."
 - In the "If inhaled" section, adds "preferably mouth-to-mouth" immediately following the statement "give artificial respiration."

5. Provides the registrant's telephone number and web site address.

Attached are five copies of the proposed label along with one highlighted label.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Please contact me at the above number if you have any questions.

Sincerely,

Catherine Rice

- For use on Linens
- For use on Draperies
- For use on Fabrics
- For use on Apparel
- For use on Carpets
- For use on Bedding
- For use on Upholstery/Furniture
- For use on Roofs
- For use on Air Filter Materials

Prevents Mold and Mildew Stains and Odors

Water-Based & Odor Free

Creates an invisible barrier to inhibit the growth of mold and mildew

Creates an invisible barrier to the growth of mold and mildew

Protection indoors and out!

Miltrol provides protection from mold and mildew staining when properly applied. Miltrol establishes a barrier between most household non-porous surfaces and bacteria and mold/mildew that cause odor, staining, and discoloration.

Spray Miltrol on glazed tiles, tub, shower curtains, shower stalls, sinks, wall paper for non-contact surfaces, window sills, cabinets, garbage cans, appliances, and vanity tops weekly to replenish barrier. Use on clothing, bedding, upholstery, and drapes. Great for roofs. Reapply every 3 months.

**PRECAUTIONARY STATEMENT
HAZARD TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if inhaled or absorbed through the skin. Avoid breathing vapors or spray mist. Avoid contact with eyes and skin. Wash with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID

If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911, then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Bathroom and Non-Food Contact Kitchen Surfaces

Tubs, glazed tiles, vanity tops, shower curtains, shower stalls (areas), sinks, washable walls, wall paper for non-food contact, floors, window sills, cabinets, garbage cans, exteriors of appliances, refrigerator exteriors, fiberglass, Formica, glazed porcelain, synthetic marble, plastic vinyl.

SPRAY: Shake well. Using trigger pump sprayer, spray entire surface area 4"-6" from the surface making sure the surface is completely covered. Let stand until dry or let stand for 3 minutes and wipe dry with clean cloth or sponge. If spotting occurs, wipe with moist cloth or sponge. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

Linens, Draperies, Fabric and Apparel

Bed sheets, blankets, bedspreads, curtains, draperies (washable only), underwear, socks, intimate apparel, hosiery, throw rugs, toweling, toilet tank covers, shower curtains, shoe insoles, outerwear apparel (jackets, sweaters, sweatshirts, coats, raincoats, overcoats, jerseys, ponchos), and fabrics made out of acetates, acrylics, cotton, fiberglass, linen, Lycra, nylon, orlon, polyester, polyethylene, polypropylene, rayon, silk, spandex, vinyl, and wool.

SPRAY: Clean surface prior to application. Shake well. Using trigger pump sprayer, spray entire surface area 4"-6" from the surface making sure the surface is completely covered. Let stand until dry or let stand for 3 minutes and wipe dry with clean cloth or sponge. If spotting occurs, wipe with moist cloth or sponge. Test for staining and color-fastness of fabric by treating and drying a small concealed area prior to application. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

Air filters and filter material for furnaces, air conditioners, air purification systems, automobiles, recirculating air handling systems, vacuum cleaner filters, and aquariums.

SPRAY: When treating filters, remove filter from unit. Shake well. Using trigger pump sprayer, spray entire surface area 4"-6" from the surface making sure the surface is completely covered. Let stand until dry. If spotting occurs, wipe with moist cloth or sponge. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

Carpet

SPRAY: Apply to clean carpet. Shake well. Using trigger pump sprayer, spray entire surface area 4"-6" from the surface making sure the surface is completely covered. For rotary jet extraction cleaners and carpet steamers, add product directly to cleaning tank, then operate the equipment in accordance with manufacturer's instructions. Apply and then let stand until dry. If spotting occurs, wipe with moist cloth or sponge. Test for staining and color-fastness of fabric by treating and drying a small concealed area prior to application. Miltrol treats approximately 200 sq. feet per gallon. When treating coarser substrates (e.g., wool carpeting), more Miltrol may be required due to absorption. Dry carpet areas and surfaces before re-entry. A fan may be used to assist in drying carpeting. Remove children and pets from treated area until completely dried. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

Bedding, Upholstery/Furniture

Mattress pad and mattress ticking and upholstery composed of acetates, acrylics, cotton, fiberglass, nylon, polyethylene, polyolefins, polypropylene, rayon, silk, spandex, vinyl, wool, and fiberfill to be used in upholstery, sleeping bags, apparel where the fiber is cotton, natural down, nylon, rayon, or wool.

SPRAY: Clean surface prior to application. Shake well. Using trigger pump sprayer, spray entire surface area 4"-6" from the surface making sure the surface is completely covered. Let stand until dry. If spotting occurs, wipe with moist cloth or sponge. Test for staining and color-fastness of fabric by treating and drying a small concealed area prior to application. When applying to mattress pads and ticking do not soak. Remove children and pets from treated area until completely dried. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.
