Columbia City, IN 46725

Subject: PRIA Label Amendment – To remove the precautionary language, remove additional brand names and clarify Directions for Use
Product Name: MILTROL
EPA Registration Number: 4091-12
Start Date: October 7, 2020
Action Case Number: 00217475

Dear Mr. Herber:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

EPA Reg. No. 4091-12
Action Case No. 00217475

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Karen M. Leavy by phone at (703)308-6237, or via email at Leavy.Karen@epa.gov.

Sincerely,

Aline Heffernan

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms.

Do not allow pesticide to enter or run off into storm drains, ditches, gutters, or surface waters.

{Required label statement, may appear anywhere on container label }

A microbiostatic agent inhibits the growth of odor causing mold and mildew which cause staining and discoloration. This product does not protect users or others against food-borne or disease-causing molds or fungi.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[Important:] [Carefully read all directions, notes, and conditions prior to use.] [Only use this product as directed on the label.] [Oxidation from sun and elements [mold], [mildew] [or] [algae] can cause permanent discoloration on outside surfaces.] [Test on an inconspicuous area before using.] [Formula may stain clothes and shoes – dress appropriately.]

TO CLEAN [mold stains] [mildew stains] [dirt & grime] stains on hard, non-porous surfaces: [shake well] Hold container 6-8” from surface and spray until thoroughly wet. Let stand 5 min. Wipe with a [damp] [cloth][sponge] [paper towel].] [To remove tough mildew stains, use a brush] [Rinse.]

TO PREVENT MOLD AND MILDEW growth: Pre-clean heavily soiled surfaces. Hold container 6”-8” from surface and spray surface until wet. [Do not saturate fabrics.] Allow to air dry. Repeat every 45 days on fabric surfaces and every 3 months on hard non-porous surfaces.

[Test for staining and colorfastness of fabric by treating and drying a small concealed area prior to application.] [Do not use on natural marble].

[TO CLEAN] [AND TO] PREVENT MOLD AND MILDEW on Bathroom and/or [Non-food Contact Kitchen] Hard Nonporous Surfaces:

SPRAY: Pre-clean heavily soiled surfaces [Shake well.] For initial applicationspray on tile, tub shower door, shower curtain or any surface to be cleaned starting at the highest point and working down. Using [trigger] [pump] [up]sprayer, spray entire surface area 6-8” from the surface making sure the surface is completely covered. Let stand until dry or let stand for 5 minutes. [-or-Allow to work 5 minutes before rinsing or wiping with cloth or wet sponge.] [To remove tough mildew stains, use a brush.] [If spotting occurs, wipe with moist cloth or sponge.] [If necessary,] Reapply every three months or when odor, staining, or discoloration due to mold [stains] or mildew [stains] return. [Severe stains may require additional treatment.]

[TO CLEAN] [AND TO] PREVENT MOLD AND MILDEW on Linens, Draperies, Fabrics and Apparel:

SPRAY: Preclean visibly soiled surfaces prior to application. [Shake well.] Using [trigger] [pump] [up] sprayer, spray entire surface area 6-8” from the surface making sure the surface is completely covered. Let stand until dry or let stand for 5 minutes.[If spotting occurs, wipe with moist cloth or sponge.][Test for staining and colorfastness of fabric by treating and drying a small concealed area prior

to application.][If necessary], reapply every 45 days or when odor, staining, or discoloration due to mold [stains] or mildew [stains] return.

TO PREVENT MOLD AND MILDEW on Roofing Materials:

SPRAY: Make sure roof is clean prior to application.[Shake well.] Using [trigger] [pump][up] sprayer, spray entire surface area 6-8” from the surface making sure the surface is completely covered. Let stand until dry. If necessary, reapply every three months or when odor, staining, or discoloration due to mold [stains] or mildew [stains] return.

TO PREVENT MOLD AND MILDEW on Carpet:

SPRAY: Apply to clean carpet.[Shake well.]Pour product into [trigger] [pump] [up] sprayer. Using [trigger] [pump][up] sprayer, spray entire surface area 6-8” from the surface making sure the surface is completely covered.[For rotary jet extraction cleaners and carpet steamers, add product directly to cleaning tank, then operate the equipment in accordance with manufacturer’s instructions.]Apply and then let stand until dry.[If spotting occurs, wipe with moist cloth or sponge.][Test for staining and color-fastness of fabric by treating and drying a small concealed area prior to application.][Miltrol treats approximately 200 sq. feet per gallon.][When treating coarser substrates (e.g., wool carpeting), more Miltrol may be required due to absorption.] Dry carpet areas and surfaces before re-entry.[A fan may be used to assist in drying carpeting.] Remove children and pets from treated area until completely dried.If necessary, reapply every 45 days or when odor, staining, or discoloration due to mold [stains] or mildew [stains] return.

[TO CLEAN] [AND TO] PREVENT MOLD AND MILDEW on Bedding and/or Upholstery/Furniture (Indoor/Outdoor)

SPRAY: Clean surface prior to application.[Shake well.] Using [trigger][pump][up]sprayer, spray entire surface area 6-8” from the surface making sure the surface is completely covered. Let stand until dry.[If spotting occurs, wipe with moist cloth or sponge.][Test for staining and color-fastness of fabric by treating and drying a small concealed area prior to application.][When applying to mattress pads and ticking do not soak.]Remove children and pets from treated area until completely dried.If necessary, reapply every 45 days or when odor, staining, or discoloration due to mold [stains] or mildew [stains] return.

STORAGE AND DISPOSAL

Store in area inaccessible to children, in a cool dry area, away from direct sunlight and heat [to avoid deterioration]. [Protect [product] from freezing.] Non-refillable container. Do not reuse or refill this container. Place [container] in trash or offer for recycling, if available.

{OPTIONAL MARKETING LANGUAGE/GENERAL CLAIMS}

- [Safe] For use on {insert surface material from Table 1 }
- For use on glazed ceramic tile
- For use on Non-Food Contact Kitchen Surfaces

- For use on [Cotton] [polyester] [fabrics] [or] [apparel]
- For use on Draperies
- For use on [nylon] [wool] [acrylic] [polyester] Carpets
- For use on [cotton] [silk] [flannel] Bedding
- For use on [indoor] [and] [outdoor] [nylon] [polyester] [acrylic] [Upholstery/Furniture] Ready to Use
- Cleans bathroom soils
- Cleans everyday messes
- Cleans [up] grime
- Cleans [and prevents] mold [& mildew] on {insert use site/surface from Table 1,2,3,4}
- Prevents mold [& mildew] growth on {insert use site/surface from Table 1,2 [for up to 3 months]}
- Prevents mold [& mildew] growth on {insert use site/surface from Table 3 or 4 [for up to 45 days]}
- Effectively cleans hard non-porous nonfood contact surfaces
- Multipurpose Cleaner
- Removes Odors
- Eliminates Musty Odors
- Provides a clean that lives on
- Multi-action cleaning power
- Prevents Mold and Mildew Stains and Odors
- Prevents Mold Growth
- Prevents Mold and Mildew Growth and Odors
- Stop Mold Stains
- Mold Control
- Water-Based [&] [Odor Free]
- Controls Mold [Mold Control]
- Bleach-Free
- Cleans & Prevents Mold & Mildew [for up to [3] [three] months]
- Cleans Mold and Mildew Stains
- Creates an invisible barrier to inhibit the growth of mold and mildew
- Creates an invisible barrier to the growth of mold and mildew
- Mold & Mildew Resistant Finish. Inhibits for Up to 3 Months
- INVISIBLE BARRIER to the growth of mold and mildew
Invisible Mold Barrier
- Miltrol creates an invisible barrier to the growth of mold to keep indoor and outdoor surfaces mold free for up to 3 months.
- Removes mildew stains, soap scum and mineral deposits like calcium and lime
- Bleach free product
- Low odor formula
- Use indoors and outdoors on {insert surface material(s) from Table 1 or 4}
- Use on {insert items from Table 2 and/or 3}
- Long-term mold and mildew blocker² [effectiveness not diminished by[rain] [or] [repeated washings]]
- Protection indoors and out[!]
- Indoor & Outdoor Use Plus Fabrics!
- 3 MONTH [mold protection] [Extend time between cleanings]
- Controls carpet odor [and keeps carpet cleaner]
- Make the Clean Last Longer
- Say Goodbye to Mold and Mildew Stains
- [Miltrol] provides surface protection from mold and mildew staining when properly applied².

- [Miltrol] establishes a barrier between most [household] non-porous surfaces and mold/mildew that cause odor, staining, and discoloration.³
- When you clean mold and mildew you can make the clean last longer with [Miltrol] [And, it's guaranteed effective.]
- Spray Miltrol on glazed tiles, tubs, shower curtains, shower stalls, sinks, wallpaper, windowsills, cabinets, garbage cans, appliances, and vanity tops.
- Use on clothing, bedding, upholstery, carpets, and drapes.
- Great for roofs. Reapply every 3 months.
- An Employee Owned Company.
- [Creates] Waterproof [mold barrier]
- [Creates] Water Resistant [mold barrier]
- [Eucalyptus] [Fresh & Green] [Fresh Citrus] [Crisp Linen] [Summer Fresh] [Lemon Breeze] [Spring Waterfall] [Rain Shower] scent
