OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

January 5, 2017

Tony Herber
Agent for W.M. Barr & Company, Inc.
Scientific & Regulatory Consultants, Inc.
201 W. Van Buren Street
Columbia City, IN 46725

Subject: Notification per PRN 98-10 –Add marketing claims, graphics, and minor label changes
Product Name: FG0
EPA Registration Number: 4091-15
Application Date: November 1, 2016
Decision Number: 524119

Dear Mr. Herber:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Donna Kamarei at (703)347-0443 or via email at Kamarei.donna@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Wanda G. Fuller, for".

Demson Fuller, Product Manager 32
Regulatory Management Branch II
Antimicrobials Division (7510P)
Office of Pesticide Programs

{MASTER LABEL}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{The words "this product" may be used in place of product name}

FGO

[Deodorizer][and][Fungistatic[‡]][and][Mildewstatic[‡]] [Agent]

{the following will be used if the above statement appears on a container label:}

[‡]For aesthetic purposes only

Active Ingredients:

Calcium chloride 78 %

Other Ingredients: 22 %

Total 100 %

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Side/back panel for additional precautions

NET CONTENTS: X oz. or lbs. (Y g or kg)

EPA Reg. No. 4091- 15

EPA Est. No. _____

{If multiple EPA Est. Nos. listed:} See [back][side][bottom][top] for EPA Est. No. in Lot code

NOTIFICATION

4091-15

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

01/05/2017

{MASTER LABEL}

{All text in brackets [xxx] is optional & may or may not be included on a printed label.}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{The words "this product" may be used in place of product name}

{OPTIONAL MARKETING LANGUAGE}

FG0 eliminates excess moisture in the air and prevents damage caused by moisture. FG0 also eliminates the unpleasant, musty odor caused by mildew growth and acts as a [fungistatic] [and] [mildewstatic] agent for aesthetic purposes only. [FG0] [It] won't dry the air excessively to damage plants, furniture, or household goods. FG0 can be used in { see list of insert optional use sites, below-} or anywhere that excess moisture and [stale] [stagnant] air are a problem/-or- nuisance].

And our exclusive Moisture-Lock[®] technology combines a spill resistant safety cover and a natural absorbent media in the bottom of the pail to resist spills.

Great for {see list of optional use sites, below }.

FG0 ~~Hanging Moisture Absorber~~ eliminates excess moisture that can cause damp-feeling fabrics and even damage your clothes and leather goods. FG0 also eliminates the unpleasant, musty odor caused by mildew growth, [and acts as a [fungistatic] [and] [mildewstatic] agent for aesthetic purposes only] .

FG0 ~~Hanging Moisture Absorber~~ is so effective at removing moisture, it's patented.

FG0 ~~Moisture Absorbers~~ eliminates excess moisture in the air and musty odors caused by mildew growth, [and acts as a [fungistatic] [and] [mildewstatic] agent for aesthetic purposes only] and creates fresher, cleaner air! FG0 eliminates musty air. The Refillable Moisture Absorber can be used in any room in the house, in {see list of optional use sites below} and anywhere else excess moisture and [stale] [stagnant] air are a nuisance.

For use in any refillable moisture absorbing container**

**Follow manufacturer's instruction

[FG0 Easy-Fill[®] System Large Room Absorber][FG0 Any Room Moisture Absorber] eliminates musty odors caused by mildew growth and eliminates excess moisture occasionally found in [stale] [stagnant] air [and acts as a [fungistatic] [and] [mildewstatic] agent for aesthetic purposes only]. It is convenient and quick to refill using 2 Easy-Fill[®] 10.5 oz Refill Packs. It is tip and spill resistant. Use in {see list of optional use sites below} and enclosed spaces where excess moisture and [stale] [stagnant] air are a problem.

{Optional Marketing/Packaging Related Claims:}

Empties easily, like a pitcher.

Neat & easy to dispose & refill.

Locking lid reduces potential exposure to children & pets.

Locking lid to prevent inadvertent exposures and releases.

Spill resistant lower chamber traps moisture.

Moisture Absorber

{INTRODUCTORY CLAIMS – will only appear on graphic label for the first 6 months the product is on the shelf.}

- New

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye and skin irritation. Harmful if swallowed, absorbed through the skin or inhaled. Avoid contact with eyes, skin or clothing. Avoid breathing dust. Wear eye protection, gloves, long sleeve shirt, and pants when handling product outside of its container. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. **KEEP OUT OF REACH OF CHILDREN.**

FIRST AID

If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for further treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes.

Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FG0 efficiently removes moisture from the air. It works most efficiently in closed areas and places that remain that way for long periods of time such as closets, cabinets, storage containers and cabinets, pantries, coolers, and vehicles in storage. The effectiveness of FG0 will be compromised in well ventilated spaces. Do not use this product in moving vehicles.

{All graphics below are optional, and do not take the place of the text. Graphics are intended to aid user in proper use and disposal of product}

{Hanging Moisture Absorbers:}

{MASTER LABEL}

{All text in brackets [xxx] is optional & may or may not be included on a printed label.}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{The words "this product" may be used in place of product name}

[Remove from carton and discard clear plastic wrapper. Unfold and hang with enough space to allow air circulation. Replace when all the white crystals have dissolved.]

{Disposable Moisture Absorber:}

[Remove lid and peel off foil cover leaving white safety cover in place. Replace grill lid. Place on a flat surface in the desired location. Crystals will harden and dissolve in up to 45 days.]

{Refillable Moisture Absorbers and Moisture Absorber Refill:}

[Remove lid. Open bag by tearing or cutting. Pour crystals into canister. Replace lid. Place on a flat surface in the desired location. Crystals will harden and dissolve as they absorb moisture.]

{or}

[Open refill bag by tearing or cutting. Shake refill bag while holding closed before pouring. Pour crystals into refillable container filling 1" from top. Reclose bag.]

{or}

{or}

{or}

{Hi-Capacity Moisture Absorber:}

[Remove lid to activate product. Leave safety cover in place. Place on a flat surface in the desired location. The Calcium Chloride crystals will harden and then dissolve as they remove moisture from the air.]

{MASTER LABEL}

{All text in brackets [xxx] is optional & may or may not be included on a printed label.}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{The words "this product" may be used in place of product name}

{or}

{Easy Fill System:}

[Remove label and release safety latch to open lid. Press side panels to remove top. Remove clear wrapper and place unwrapped packs into upper chamber. Close top with lid open. Press or Push point to close lid. Place product on a flat stable surface.]

STORAGE AND DISPOSAL:

Store at room temperature. Do not puncture or remove calcium chloride crystals from containers or packaging [except to refill container].

{Storage and Disposal for container intended to be refilled by the consumer}

Refillable container:- During use and over time the FG0 crystals will dissolve and leave water/brine/liquid in the bottom of the container. When the liquid reaches the full line, open the lid of the container and pour the liquid into the toilet. Remove the top of the container, remove the used packs, discard the used packs in the trash and [replace][refill] with [fresh][new] refill packs (see Directions For Use, above). Rinse the drain port before refilling to reduce the potential for clogging.

{Storage and Disposal for containers NOT for refill by the consumer}

Non-refillable containers and {or} hanging bags: Do not reuse these containers. Do not recycle. When all the white crystals are dissolved, discard upright in trash.

In case of spills caused by puncture or damage to the product or container:

Hard surfaces - Wipe up spill with a damp towel. Discard spilled crystals in toilet. Wash towel before reusing.

Carpets - Dry spill as much as possible with a damp towel. Wet spill with cool water and press dry with a dry towel. Repeating as necessary to removed spilled crystals. Discard spilled crystals in toilet. Wash towel before reusing.

Clothing – Hand wash all fabrics with cool water. Do not allow collected liquid to contact leather or metal.

{MASTER LABEL}

{All text in brackets [xxx] is optional & may or may not be included on a printed label.}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{The words "this product" may be used in place of product name}

Ice-like crystals that may form in the collection chamber or bag should not be disturbed.

Do not remove liquid from container except to dispose of as directed.
