

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

June 6, 2017

Tony Herber  
Agent for W.M. Barr & Company, Inc.  
Scientific & Regulatory Consultants, Inc.  
210 W Van Buren Street  
Columbia City, IN 46725

Subject: Label Amendment – Minor label changes and updated language: refill, storage and disposal  
Product Name: FG0  
EPA Registration Number: 4091-15  
Application Date: March 3, 2017  
Decision Number: 527257

Dear Mr. Herber:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 4091-15  
Decision No. 527257

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, you may contact Donna Kamarei at (703)347-0443 or via email at [Kamarei.donna@epa.gov](mailto:Kamarei.donna@epa.gov).

Sincerely,

A handwritten signature in blue ink that reads "Wanda J. Fuller, for". The signature is written in a cursive style.

Demson Fuller, Product Manager 32  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

{OPTIONAL MARKETING LANGUAGE}

FG0 eliminates excess moisture in the air and prevents damage caused by moisture. FG0 also eliminates the unpleasant, musty odor caused by mildew growth and acts as a [fungistatic] [and] [mildewstatic] agent for aesthetic purposes only. [FG0] [It] won't dry the air excessively to damage plants, furniture, or household goods. FG0 can be used in {insert optional use sites, below} or anywhere that excess moisture and [stale] [stagnant] air are a problem [-or- nuisance].

And our exclusive Moisture-Lock<sup>®</sup> technology combines a spill resistant safety cover and a natural absorbent media in the bottom of the pail to resist spills.

Great for {see list of optional use sites, below}.

FG0 eliminates excess moisture that can cause damp-feeling fabrics and even damage your clothes and leather goods. FG0 also eliminates the unpleasant, musty odor caused by mildew growth, [and acts as a [fungistatic] [and] [mildewstatic] agent for aesthetic purposes only] .

FG0 is so effective at removing moisture, it's patented.

FG0 eliminates excess moisture in the air and musty odors caused by mildew growth, [and acts as a [fungistatic] [and] [mildewstatic] agent for aesthetic purposes only] and creates fresher, cleaner air! FG0 eliminates musty air. The Refillable Moisture Absorber can be used in any room in the house, in {see list of optional use sites below} and anywhere else excess moisture and [stale] [stagnant] air are a nuisance.

For use in any refillable moisture absorbing container\*\*

\*\*Follow manufacturer's instruction

[FG0 Easy-Fill<sup>®</sup> System Large Room Absorber][FG0 Any Room Moisture Absorber] eliminates musty odors caused by mildew growth and eliminates excess moisture occasionally found in [stale] [stagnant] air [and acts as a [fungistatic] [and] [mildewstatic] agent for aesthetic purposes only]. It is convenient and quick to refill using 2 Easy-Fill<sup>®</sup> 10.5 oz Refill Packs. It is tip and spill resistant. Use in {see list of optional use sites below} and enclosed spaces where excess moisture and [stale] [stagnant] air are a problem.

{Optional Marketing/Packaging Related Claims:}

Empties easily, like a pitcher.

Neat & easy to dispose & refill.

Locking lid reduces potential exposure to children & pets.

Locking lid to prevent inadvertent exposures and releases.

Spill resistant lower chamber traps moisture.

Moisture Absorber

Attracts and Traps Excess Moisture

Eliminates Musty Odors

Creates Fresher Air

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Causes moderate eye and skin irritation. Harmful if swallowed, absorbed through the skin or inhaled. Avoid contact with eyes, skin or clothing. Avoid breathing dust. Wear eye protection, gloves, long sleeve shirt, and pants when handling product outside of its container. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

### FIRST AID

**If on skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for further treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

**If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.

**Have the product container or label with you when calling a poison control center or doctor or going for treatment.**

### DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FG0 efficiently removes moisture from the air. It works most efficiently in closed areas and places that remain that way for long periods of time such as closets, cabinets, storage containers and cabinets, pantries, coolers, and vehicles in storage. The effectiveness of FG0 will be compromised in well ventilated spaces. Do not use this product in moving vehicles.

{All graphics below are optional, and do not take the place of the text. Graphics are intended to aid user in proper use and disposal of product}

#### {Hanging Moisture Absorbers:}

[Remove from carton and discard clear plastic wrapper. Do not discard [outer][cardboard] package while product is in use. Unfold and hang with enough space to allow air circulation. Replace when all the white crystals have dissolved.]

{MASTER LABEL}

{All text in brackets [xxx] is optional & may or may not be included on a printed label.}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{The words "this product" may be used in place of product name}

{or}

**{Disposable Moisture Absorber:}**

[Remove lid and peel off foil cover leaving white safety cover in place. Replace grill lid. Place on a flat surface in the desired location. Crystals will harden and dissolve in up to 45 days.]

[Replace when all white crystals have dissolved]

**{Refillable Moisture Absorbers and Moisture Absorber Refill:}**

[Remove lid. Open bag by tearing or cutting. Pour crystals into canister. Replace lid. Place on a flat surface in desired location. Crystals will harden and dissolve as they absorb moisture.]

[Refill as directed [below] when all [white] crystals have dissolved.]

{For refill container/bag }

When all white crystals have dissolved in the Refillable Moisture Absorber container, it may be refilled [with this product] after emptying according to its label.

Shake refill bag. Open refill bag by tearing or cutting. Pour crystals into refillable container filling 1" from top. Reclose bag.

{or}

{or}

{or}

{MASTER LABEL}

{All text in brackets [xxx] is optional & may or may not be included on a printed label.}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{The words "this product" may be used in place of product name}

### {Hi-Capacity Moisture Absorber:}

[Remove lid to activate product. Leave safety cover in place. Place on a flat surface in the desired location. The [Calcium Chloride] crystals will harden and then dissolve as they remove moisture from the air.] [Discard [and replace] when crystals have completely dissolved and the dark Moisture-lock absorber reaches the red arrow]

{or}

### {Easy Fill System:}

[Remove label and release safety latch to open lid. Press side panels to remove top. Remove clear wrapper and place unwrapped packs into upper chamber. Close top with lid open. Press or Push point to close lid. Place product on a flat stable surface.]

To refill Easy Fill System: Empty container and discard used packs according to Storage & Disposal. [Replace][refill] with [fresh][new][refill] packs. Rinse drain port before refilling to reduce potential for clogging.

### STORAGE AND DISPOSAL:

Store at room temperature. Do not puncture or remove calcium chloride crystals from containers or packaging [except to refill container].

{MASTER LABEL}

{All text in brackets [xxx] is optional & may or may not be included on a printed label.}

{All text in braces {xxx} is administrative communication & will not appear on a printed label.}

{The words "this product" may be used in place of product name}

---

**{Storage and Disposal for container intended to be refilled by the consumer}**

{Refillable Moisture Absorber:}

During use crystals will dissolve and leave liquid in bottom of container. When liquid reaches full line, open lid and pour liquid into toilet. If refilling, follow Directions for Use on refill container. If not refilling, discard empty container in trash [or offer for recycling [if available]].

{Easy Fill System:}

Remove top of container, discard used packs in trash. Pour collected liquid into toilet. If refilling, follow Directions for Use on refill [packs][package]. If not refilling, discard empty container in trash [or offer for recycling [if available]].

**{Storage and Disposal for containers NOT for refill by the consumer}**

{Hanging Bag or other Nonrefillable containers}

Nonrefillable container: Do not reuse these containers. Do not recycle. When all the white crystals are dissolved, discard upright in trash.

{For refill bag (used only to refill containers)}

Nonrefillable container. Do not reuse or refill this container. Place in trash [or offer for recycling if available].

**In case of spills caused by puncture or damage to the product or container:**

Hard surfaces - Wipe up spill with a damp towel. Discard spilled crystals in toilet. Wash towel before reusing.

Carpets - Dry spill as much as possible with a damp towel. Wet spill with cool water and press dry with a dry towel. Repeat as necessary to remove spilled crystals. Discard spilled crystals in toilet. Wash towel before reusing.

Clothing – Hand wash all fabrics with cool water. Do not allow collected liquid to contact leather or metal.

Ice-like crystals that may form in the collection chamber or bag should not be disturbed.

Do not remove liquid from container except to dispose of as directed.
