ACTIVE INGREDIENTS:

Sulphur	86%
Copper As Metallic (In form of Tri-Basic Copper Sulphate)	4%

INERT INGREDIENTS:

Total	10%
	100%

CAUTION: KEEP OUT OF REACH OF CHILDREN

For Peanut Leafspot Control

DIRECTIONS: Apply at the rate of 15 to 20 lbs. of dust per acre per application for three or four applications. Start dusting during the first week in July and repeat dusting at two week intervals. Use good traction or power driven equipment to get good coverage. Any dusting washed off with rain within 24 hours should be reapplied as soon as possible.

CAUTION: Avoid contact with skin and eyes. Keep clothing free from dust. DO NOT INHALE DUST.

NOTICE: Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage, resulting from its misuse, as such, or in combination with other materials.

This product is toxic to fish. Keep out of any body of water. Fish may be killed.
