

USE DIRECTIONS:

Household

For sanitizing previously cleaned walls and inanimate hard surfaces. For schools, homes, locker rooms, garbage pails, sink tops, corridors, class rooms, offices and shower stalls. Apply solution as is with mop or cloth.

Food Processing Equipment

For sanitization of previously cleaned food processing equipment and food utensils, use as is to provide 200 ppm of active quaternaries. At this level **NO POTABLE WATER RINSE** is required.

Dairies

To sanitize dairy equipment such as tanks, lines, pails and milk cans, first clean and rinse the equipment thoroughly. Then apply sanitizing solution as is. At this level **NO POTABLE WATER RINSE** is required. Follow recommendations of local Health Board.

Restaurant and Bar Rinse

Dishes, glassware, silverware, cooking utensils, wash with soap or synthetic detergent, rinse thoroughly and immerse in Ark San 200. **NO TERMINAL POTABLE WATER RINSE IS REQUIRED.**

ARK SAN 200
