Subject: Betco Pine Odor
EPA Registration No. 4170-8
Application Date: October 10, 2003
EPA Received Date: October 14, 2003

Dear Ms. Rushton:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

Proposed Amendment

- Update First Aid Statements per PR Notice 2001-1

Conditions

Revise the label as follows:

1. Revise the Precautionary Statements to include the statements "Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse."

USE:

This DISINFECTANT is effective against a wide variety of gram-positive and gram-negative bacteria and pathogenic fungi. This DISINFECTANT is also an excellent deodorant. This DISINFECTANT mixes readily with water and makes a clear, stable solution. In use dilution, it is nonstaining on painted surfaces, tiles, and glass.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Use for general disinfection in hospitals, public rooms, restaurants, barber and beauty shops, and pet quarters. Recommended for walls, floors, tables, counters, glass, tile, porcelain, finished wood, and other hard, nonporous, environmental surfaces.

FOR DISINFECTION:

1. Flush away surface soils with water where possible.
2. Clean with a solution of 4 ounces of DISINFECTANT per gallon of water.
3. Rinse with clear water.
4. Apply disinfecting solution so as to thoroughly wet all surfaces. Allow to remain wet for a contact time of at least 10 minutes. Surfaces may be rinsed with clear water or wiped with a clean, damp cloth. For nonporous, easily cleaned areas, make a disinfecting solution of 6 ounces of DISINFECTANT per gallon of water. For porous surfaces, areas difficult to clean, or contagious disease areas, make a disinfecting solution using 8 ounces of DISINFECTANT per gallon of water. Surfaces directly contacting food must be scrubbed with detergent and thoroughly rinsed with potable water prior to reuse.

FOR DEODORIZING:

For garbage cans and similar refuse areas, use a solution of 16 ounces per gallon of water. Spray or wet all surfaces.

STORAGE AND DISPOSAL

<For Containers 1 Gallon or Less the following statement shall be used>

Store in original container. Store in an area inaccessible to children. Do not reuse empty container. Wrap empty container (bottle, can, bucket). Wrap and discard in trash.

<For containers larger than 1 gallon, the following statements shall be used>

STORAGE AND DISPOSAL

Store in original container only. DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or mixture of rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse with water. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. 13038

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

WARNING

Keep out of reach of children. Causes eye or skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

FIRST AID

IF ON SKIN OR ON CLOTHING: Take off contaminated clothing. Rinse immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

<For Containers 5 Gallons and Larger the following statement shall be used>

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
