INSTITUTIONAL USE ONLY**

EPA EST. NO. 4170-0H-1 EPA REG. NO. 4170-9

BEST AVAILABLE COPY

This DISINFECTANT is effective against a wide variety of gram-positive and gram-negative bacteria. This DISINFECTANT is also an excellent deodorant. Use it to control odors, especially those that are microbial in nature. This DISINFECTANT mixes readily with water and makes a clear, stable solution. In use dilution, it is noncorrosive and nonstaining to porcelain, enameled surfaces, glass, tile, plastics, and most common metals.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use in public rooms, restaurants, barber and beauty shops, and pet animal quarters for disinfecting floors, walls, tables, counter tops, and other porcelain, enamel, tile, plastic or vinyl surfaces or furnishings.

FOR DISINFECTION

1. Flush away surface soils with water where possible.
2. Clean with a solution of 5 ounces of DISINFECTANT per gallon of water.
3. Rinse with clear water.
4. Apply disinfecting solution so as to thoroughly wet all surfaces. For nonporous, easily cleaned areas, make a disinfecting solution of 5 ounces of DISINFECTANT per gallon of water. The disinfecting solution must contact the surface for 10 minutes for proper disinfection. For porous surfaces, areas difficult to clean, or contagious disease areas, make a disinfecting solution using 8 ounces of DISINFECTANT per gallon of water. Thoroughly rinse treated food contact surfaces before use.

FOR DEODORIZING

For garbage cans and similar refuse areas, use a solution of 16 ounces per gallon of water. Spray or wet all surfaces.

**PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
WARNING**

Keep out of reach of children. Causes eye and skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician.

STORAGE AND DISPOSAL

Store in original container only. Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Rinse empty container thoroughly with water and discard it. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
