UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DEC 31 2003

Ms. Candice Rushton
Regulatory Affairs Manager
Betco Corporation
1001 Brown Avenue
Toledo, Ohio 43607

Subject: Betco 256
EPA Registration No. 4170-14
Application Date: 10/01/03
Receipt Date: 10/6/03

Dear Ms. Rushton:

The following amendment, submitte in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable:

- Update First aid statements
- Terminal Sterilant Statement added

LABEL COMMENTS

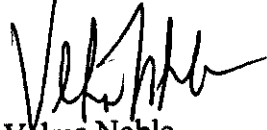

Add separate "Dedodorizing Directions" to the label. They must be clearly separate from the "Directions of Use".

GENERAL COMMENTS

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Zenobia Jones at (703) 308-6198.

Sincerely,

Velma Noble
Product Manager 31
Regulatory Management Branch 1
Antimicrobial Division (7510C)

USE:

WHERE TO USE: This product cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action controls cross-contamination from treated environmental surfaces. When used as directed, this product will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and will inhibit the growth of mold and mildew and their odors.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is a proven "one-step" disinfectant or virucidal in the presence of moderate amounts of organic soil. Remove gross dirt or heavy soil. Apply this product to walls, floors, and other hard, nonporous, environmental surfaces such as tables, chairs, counters, and sinks, with a cloth, mop, or trigger sprayer (foam spray only), so as to wet all surfaces thoroughly. Prepare a fresh solution daily or more often when the solution becomes diluted or soiled. This product is not to be used as a limited surface-high level disinfectant on any surface or treatment that (1) is introduced directly into the human body, other into or in contact with the bloodstream or normally sterile areas of the body or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. Disinfection - To disinfect hard, nonporous, nonporous, environmental surfaces: Add 1/2 ounce per gallon of water (1:250). Treated surfaces must remain wet for 10 minutes.

The presence of 5% serum and found to be effective against Trichophyton meningitiformis (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, shower and bath areas, exercise areas, dressing rooms.

Mucicidal Performance: At 1/2 ounce per gallon use-level, this product was evaluated in the presence of 5% serum and found to be effective against the following viruses: Hepes Simplex Type 1, Hepes Simplex Type 2, Vaccinia, HHV-1 (Associated with AIDS), and Influenza A2 on hard, nonporous, nonporous, environmental surfaces. (Note: HHV-1 on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS: PERSONAL PROTECTION: Clean up should always be done wearing protective latex gloves, gown, mask, and eye protection.

CLEANING PROCEDURE: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

CONTACT TIME: Leave surface wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIAL: Blood and body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

**PRECAUTIONARY STATEMENTS
HARMFUL TO HUMANS AND DOMESTIC ANIMALS**

HAZARD: Causes eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if inhaled. Avoid contamination of food.

FIRST AID

IF IN EYES: Hold eye open and flush slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue flushing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR ON CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PESTICIDE: Probable mutual damage may contribute the use of generic language.

**After handling of pellets and granules:
ENVIRONMENTAL PRECAUTIONS**

Do not discharge effluent containing the product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewerage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL
PESTICIDE STORAGE: Store in a dry place to freeze in temperatures from 50 F or higher to 120 F.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or mixture of finished is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Enforcement Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Do not reuse empty container. Triple rinse empty container with water. Offer for reconditioning, or purchase and reuse of in a sanitary landfill, or by other procedures approved by state and local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

<For containers 1 gallon or less: Do not reuse empty container (bottle, can, bucket). Wrap container and put in trash.
