COMMERCIAL USE.**

EPA EST. NO. 4170-OH-1 EPA REG. NO. 4170-17

3/3

DESCRIPTION

This product is effective against a wide variety of gram-positive and gram-negative bacteria. It is also an excellent deodorant. It is especially effective in controlling odors that are bacterial in origin. This product mixes readily with water and makes a clear, stable solution. In use-dilution, it is noncorrosive and nonstaining to vinyl, synthetics, enamel, and tile. Has a pleasant lemon odor.

*This disinfectant is effective at a dilution of 5 ounces/gallon against *Pseudomonas aeruginosa* PRD-10, *Salmonella choleraesuis* ATCC 10708, and *Staphylococcus aureus* ATCC 6538 when tested by the A.O.A.C. Use-Dilution Test Method for pre-cleaned, nonporous, hard, environmental surfaces.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. WHEN USING WITH DISPENSING SYSTEM, POUR ENTIRE QUART BOTTLE INTO 5 GALLONS OF WATER TO MAKE A READY-TO-USE DISINFECTANT/DEODORANT/DETERGENT.

For restrooms and general disinfection of hard, nonporous, environmental surfaces (glass, glazed porcelain, linoleum, tile, leather, vinyl, enamel, and finished wood surfaces) on walls, floors, appliances, and furnishings in institutions and industrial areas.

CLEANING: Whenever practical, flush away gross soils with water. For cleaning, use 2 to 8 ounces of this product per gallon of water. Cleaning may be accomplished with a clean mop, sponge, squeegee, wet vacuum system, or a trigger spraying device. After cleaning, remove suspended soils with a clear water rinse, vacuum pick up, or by wiping with a clean mop, sponge, squeegee, or cloth.

DISINFECTING: Before disinfecting, pre-clean surfaces as directed above. Then, prepare 5 ounces of this product per gallon of water and thoroughly wet the surfaces to be disinfected. (For disinfecting contagious disease areas, use 8 ounces per gallon of water.) The disinfecting solution must contact the surface for 10 minutes for proper disinfection. If desired, the surfaces may be rinsed with clear water or wiped with a clean, damp cloth. This product has not been tested for effectiveness against *Mycobacterium tuberculosis* and must not be relied upon when tuberculocidal activity is intended.

FOR CLEANING AND DEODORIZING GARBAGE CANS, GARBAGE TRUCKS, INDUSTRIAL WASTE RECEPTACLES, AND OTHER GARBAGE HANDLING EQUIPMENT: It is especially important to pre-clean, preferably using a trigger spraying device, in order for the disinfectant to perform properly. Then apply a wetting solution of 16 ounces of this product per gallon of water.

FOR CLEANING OF WALLS, FLOORS, AND INDUSTRIAL WORK AREAS: Use 5 ounces per gallon of water. The use of rubber gloves is recommended for personnel doing continuous hand cleaning.

WHEN USING WITH DISPENSING SYSTEM, POUR ENTIRE QUART BOTTLE INTO 4 GALLONS OF WATER FOR A DISINFECTING SOLUTION EFFECTIVE AGAINST HIV-1 (AIDS VIRUS).

Kills HIV-1 on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS:

PERSONAL PROTECTION: When handling items soiled with blood or body fluids use disposable latex gloves, gowns, masks, or eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant.

CONTACT TIME: Allow surface to remain wet for 10 minutes with 8 ounces per gallon use-dilution.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to federal, state, and local regulations for infectious waste disposal.

FOR MILDEW CONTROL: Use on enamel, porcelain, and tile to control mildew. Follow directions for disinfection. Repeat treatment every seven days, or when new growth appears. This product may be used through automatic floor scrubbing equipment and pressure washers. This product must not be used on food contact surfaces.

Manufactured By:

BETCO
CORPORATION
Toledo, Ohio 43607

HOW TO USE THIS PACKAGE:

This package is designed to be used with the Green Earth Dilution Control System only. Open package and connect to dispenser according to directions on box top.

TRIGGER SPRAYERS

1. Fill bottle from dispenser.
2. Apply to surface as specified in directions above.

MOP BUCKETS

1. Fill bucket from dispenser.
2. Set up "Wet Floor" signs.
3. Mop floor surface as specified in directions above.

PRECAUTIONARY STATEMENTS Hazards to Human and Domestic Animals CAUTION

Keep out of reach of children. Harmful if swallowed. Avoid getting in eyes or on skin. In case of contact, wash thoroughly with water. If irritation persists, get medical attention. Avoid contamination of food or foodstuffs. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting. **IF INHALED:** Remove victim to fresh air. **IF ON SKIN:** Wash with plenty of soap and water. **IF IN EYES:** Flush eyes with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Store in original container only. Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

PLASTIC CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

FOR LESS THAN 1 GALLON: Do not reuse empty container (bottle, can, bucket). Wrap (container) and put in trash.

PAPER AND PLASTIC BAGS: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUCION

AL USARIO: Si usted no lee Inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.
(TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.)

This container is coded for recycling.
