NOTIFICATION LABEL NOT REVIEWED PER FR NOTICE 88-4

DATE: APR 30 1990

### DIRECTIONS FOR USE

When used as directed, this germicidal cleaner demonstrates effective disinfection against Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa, thus meeting requirements for hospital use. Efficacy tests have demonstrated that this germicidal cleaner is an effective one-step cleaner/disinfectant in the presence of organic soil (5% blood serum). The product is fungicidal against Pathogenic fungi (T. mentagrophytes) when used as directed on hard surfaces found in the bathroom, shower stall, and locker room, or other clean, hard, non-porous surfaces commonly contacted by bare feet. **MOLD AND MILDEWSTAT**-This germicidal cleaner prevents and controls mold and mildew and the odors they cause on hard, non-porous, inanimate surfaces.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This germicidal cleaner has been designed specifically for institutional cleaning and disinfecting in nursing homes, hospitals, offices, schools, motels and hotels. **DISINFECTION, DEODORIZATION, AND CLEANING:** To disinfect hard non-porous surfaces (such as bathroom tiles, walls, fixtures, shower stalls, sinks, bathtubs, hamper, tables and chairs), proceed as indicated below (1) Shake can before using. (2) Hold six to eight inches from surface to be treated. (3) Spray area until it is covered with a white foam. Allow foam to penetrate and remain wet for 10 minutes. No scrubbing necessary. (4) Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum. For heavily soiled areas, remove gross soil before treatment. **MILDEWSTAT**-To control mold and mildew on pre-cleaned hard non-porous surfaces (such as floors, walls, table tops), spray the surfaces to be treated, making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

### Precautionary Statements Hazards to Humans and Domestic Animals

#### WARNING

Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed.

#### STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

#### PHYSICAL OR CHEMICAL HAZARDS

**EXTREMELY FLAMMABLE.** Do not use or store near fire, sparks, or heated surfaces. Turn off pilot lights in gas appliances and unplug or turn off electrical equipment in the use area. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Replace cap and discard container in trash.
