Attention: Marlene Taylor

Product Name: Cide Bat Spray & Wipe Germicidal Cleaner Deodorant  
Registration Number 4170-41  
Submission Date 4/3/90

The amendment referred to above, submitted in connection with registration under FIFRA, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
  - a. Revise the language for Herpes Simplex Type 2 (Virus that causes venereal disease) to read, "Herpes Simplex Type 2 (virus that causes genital herpes). . ."
  - b. Delete the term Venereal Disease.
  - c. On the right panel, add an asterisk to the word "Effective" to read "\*Effective".

Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. When used as directed, this germicidal cleaner demonstrates effective disinfection against *Staphylococcus aureus*, *Salmonella choleraesuis*, and *Pseudomonas aeruginosa*, thus meeting requirements for hospital use. Efficacy tests have demonstrated that this germicidal cleaner is an effective one-step cleaner/disinfectant in the presence of organic soil (5% blood serum). The product is fungicidal against Pathogenic fungi (*Trichoglyphites*) when used as directed on hard surfaces found in the bathroom, shower stall, and locker room, or other clean, hard, non-porous surfaces commonly contacted by bare feet. **MOLD AND MILDEWSTAT**—This product prevents and controls mold and mildew and the odors they cause on hard, non-porous, inanimate surfaces.

This germicidal cleaner has been designed specifically for institutional cleaning and disinfecting in nursing homes, hospitals, and institutions. **DISINFECTION, DEODORIZATION, AND CLEANING:** To disinfect hard non-porous surfaces (such as bathroom tiles, walls, shower stalls, sinks, and bathtubs), proceed as indicated below. (1) Shake can before using. (2) Hold six to eight inches from surface to be treated. (3) Spray area until it is covered with a white foam. Allow foam to penetrate and remain wet for 10 minutes. No scrubbing necessary. (4) Wipe off with a clean cloth mop or sponge. The product will not leave dirt or soap scum. Pre-clean all surfaces to be disinfected.

**KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES / OBJECTS PREVIOUSLY SOILED WITH BLOOD / BODY FLUIDS** in health care settings (Hospitals, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS virus) OF SURFACES / OBJECTS SOILED WITH BLOOD / BODY FLUIDS.**

**PERSONAL PROTECTION:** When handling items soiled with blood or body fluids use disposable latex gloves, gowns, masks, or eye coverings.

**CLEANING PROCEDURES:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant.

**CONTACT TIME:** Allow surface to remain wet for 10 minutes.

**DISPOSAL OF INFECTIOUS MATERIALS:** Blood and other body fluids should be autoclaved and disposed of according to federal, state, and local regulations for infectious waste disposal.

**MILDEWSTAT**—To control mold and mildew on pre-cleaned hard non-porous surfaces (such as floors, walls, table tops), spray the surfaces to be treated, making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

**\*Virucidal Performance:** This product was evaluated and found to be effective against Herpes Simplex Type 1 (virus that causes cold sores) and Herpes Simplex Type 2 (virus that causes venereal disease) on pre-cleaned, hard, non-porous, inanimate environmental surfaces for a contact time of 10 minutes.

**Precautionary Statements  
Hazards to Humans and Domestic Animals  
WARNING**

Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed.

**STATEMENT OF PRACTICAL TREATMENT**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F. cause bursting.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Replace cap and discard container in trash.
