

WH30 MASTER 7-8

- High Dielectric Strength
  - With Electrodes 1/10" Apart Breakdown Voltage Is Greater Than 25,000 Volts
- DIRECTIONS FOR USE**

Kills Wasps, Hornets & Yellow Jackets

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct spray at insects wherever possible and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 10 seconds or until surface is moist from insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing, faucets, enter the house and into any cracks or crevices in foundation as well as along sills and ledges.

This spray is fast acting when insects are hit directly. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray, making it possible for the operator to stay back from the places sprayed.

This formulation utilizes pyrethrins, piperonyl butoxide and a carbamate type insecticide, a combination particularly effective on this class of insects.

**PRECAUTIONARY STATEMENTS**  
**Hazards to Humans and Domestic Animals**

**WARNING**

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist or contact with skin. Wash thoroughly after using. Avoid storage near food or feed. Do not spray on pets, humans, or other animals.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

**STATEMENT OF PRACTICAL TREATMENT**

IF SWALLOWED—Do not induce vomiting. Contains petroleum distillate. Call physician immediately. IF INHALED—Remove victim to fresh air. Apply artificial respiration if indicated. IF ON SKIN—Remove contaminated clothing and wash affected area with soap and water. IF IN EYES—Flush eyes for at least 15 minutes with plenty of water. Call a physician immediately.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use or store near fire, sparks, or heated surfaces. Do not smoke in the use area. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Replace cap and discard container in trash.

Manufactured By:

Betco Corp., Toledo, Ohio

**BEST AVAILABLE COPY**

**ACCEPTED**

10 1982

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended for the pesticide  
registered under  
EPA Reg. No. 417042

# Wasp & Hornet Insecticide

**Fast Chilling Action!**  
**Kills Wasps, Hornets & Yellow Jackets**

**ACTIVE INGREDIENTS:**

Pyrethrins ..... 0.075%  
\*Piperonyl Butoxide, Technical ..... 0.188%  
Carbaryl (1-Naphthyl N-Methyl-  
carbamate) ..... 0.500%

**INERT INGREDIENTS:** ..... 99.237%  
100.000%

Contains petroleum distillate

\*Equivalent to 0.150% (butylcarbityl)  
(6-propylpiperonyl) ether and 0.038%  
related compounds

**KEEP OUT OF REACH OF CHILDREN**  
**WARNING:**

See side panel for additional precautionary  
and practical treatment statements.  
For industrial and institutional use only by  
trained personnel.

**Net Wt. 17 ounces**
