NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

... registered in accordance with FIFRA Act.

... required for registration or registration of a pesticide under FIFRA Act 301(1) when the Agency requires all registrants to provide or submit such data.

... the following changes listed herein before you release the product...

- a. Add the phrase "EPA Registration No. 4170-50."
- b. Insert "Diazinon" in front of its chemical formula in the statement of active ingredients.
- c. Refer to the following statement in the Environmental Hazards: "Do not apply where runoff is likely to occur."
- d. In the Statement of Practical Treatment, revise the "If in eyes" statement to "If in eyes - Flush eyes with plenty of water. Call a physician immediately."
- e. Submit five (5) copies of the final printed labeling before you release the product for shipment. Refer to Doc A-79 indicate for a further description of the required labeling.
