

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
DANGER

CORROSIVE: Keep out of reach of children. May be fatal or harmful if swallowed. Do not breathe the vapor or fumes. Produces chemical burns. Do not get in eyes, on skin, or on clothing. Causes irreversible eye and skin damage. Wear goggles or safety glasses and rubber gloves when handling. Wash thoroughly with soap and water after handling. Use on acid resistant surfaces only.

STATEMENT OF PRACTICAL TREATMENT
IF SWALLOWED: Call a physician immediately. Drink promptly a large quantity of water. Do not induce vomiting. **EYE CONTACT:** Wash with water for 15 minutes. Get prompt medical attention. **SKIN CONTACT:** Wipe off acid gently, flood surface with water using soap freely, then cover with moist magnesium or baking soda. Get medical attention if irritation persists.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL
 Do not reuse empty container. Rinse container thoroughly and discard in trash.

 n-Alkyl (C₁₂, 50%, C₁₄, 40%,
 C₁₆, 10%) d methyl benzyl
 ammonium chloride 0.05%
 Phosphoric acid 20.00%
INERT INGREDIENTS: 79.95%
TOTAL 100.00%
 (Disinfects against odor
 causing bacteria only)

KEEP OUT OF REACH
OF CHILDREN
DANGER
 See side panel for additional
 precautionary statements.
FOR INDUSTRIAL AND
INSTITUTIONAL USE ONLY

DESCRIPTION
 This product is designed for cleaning toilet bowls, urinals, sinks, bathtubs, and shower stalls. It has limited disinfectant efficacy and will only kill odor causing bacteria. It removes scale, soap scum, and filth.

DIRECTIONS FOR USE
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO CLEAN AND DISINFECT TOILETS AND URINALS: Remove water by forcing it over the trap with swab mop. Saturate swab with disinfectant cleaner and wet all surfaces thoroughly. It is most important to swab under the rim of bowl or urinal to clean and disinfect water outlets. Allow this disinfectant cleaner to remain for at least 10 minutes until all rust, scale, and stains are loosened. Rinse by flushing.

TO CLEAN AND DISINFECT SINKS, BATHTUBS, SHOWER STALLS, DRINKING FOUNTAINS, AND CERAMIC TILE FLOORS: Dilute one part of this disinfectant cleaner with two parts water and apply to wet all surfaces thoroughly with swab mop, sponge, brush, or cloth. Allow disinfectant cleaner to remain for at least 10 minutes. Rinse with water after cleaning.

FOR HEAVILY SOILED AREAS: A preliminary cleaning is required before disinfection can occur. This product disinfects against odor causing bacteria only.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

ONE QUART
