STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in original container, inaccessible to persons unfamiliar with its use.

Pesticide Disposal: Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

4. Organize the FIRST AID statements in order of the most severe route of exposure. The correct order is as follows: "If on Skin or on Clothing", "If in Eyes", "If Swallowed", and "If Inhaled".
5. Change the word "porcelain" to "hard non-porous porcelain".
6. Under the product name, indicate that this is a limited disinfectant.
