

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FOR DISINFECTING:** Remove gross filth & heavy soil deposits. Pre-clean all surfaces prior to disinfection. Hold sprayer about 6 to 8 inches from surface and spray until surface is thoroughly wet for a contact time of 10 minutes. No dilution necessary. Let air dry or wipe dry.

**FOR AIR REFRESHING:** As a ready-to-use spray. Spray upwards toward center of the room. The number of trigger strokes will depend on the size of the room and severity of the odor problem. No dilution necessary.

**MILDEWSTATIC:** This product will effectively inhibit the growth of mold and mildew plus the odors caused by them when applied to pre-cleaned hard, non-porous inanimate environmental surfaces such as floors and walls. Apply by spraying until thoroughly wet. Let air dry. Repeat application weekly or when growth reappears.
