

**Dielectric Breakdown  
Voltage: 23,000 Volts  
DIRECTIONS FOR USE**

**Kills Wasps, Hornets & Yellow Jackets**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To be used in and around commercial buildings and institutions.

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct spray at insects wherever possible and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 1-2 seconds or until surface is moist from insecticide. To prevent entrance of insects into the building, spray around points where outside plumbing, faucets, etc. enter the building and into any cracks or crevices in foundation as well as along sills and ledges.

This spray is fast acting when insects are hit directly. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray, making it possible for the operator to stay back from the places sprayed.

This formulation utilizes synergized Bendiocarb, a combination specifically effective on this class of insects.

**PRECAUTIONARY STATEMENTS  
Hazards to Humans and Domestic Animals**

**WARNING**

May be harmful if swallowed or absorbed through the skin. Do not get in eyes. Avoid breathing spray mist. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling. Do not allow spray to contact plastic, rubber or asphalt surfaces. Avoid contact of spray with leaf surfaces of growing plants. Do not use as a space spray indoors.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

**STATEMENT OF PRACTICAL TREATMENT**

**IF SWALLOWED**—Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything to an unconscious person. **IF INHALED**—Remove affected person to fresh air. Apply artificial respiration if indicated. **IF IN EYES**—Flush with plenty of water. Contact a physician if irritation persists. **IF ON SKIN**—Remove contaminated clothing and wash affected areas of skin with soap and water. Contact a physician if irritation persists. Wash clothing with soap and water before re-use. **NOTE TO PHYSICIAN**—Bendiocarb is a cholinesterase inhibitor. Atropine sulfate 2 mg. should be given by injection and repeated as necessary until fully atropinized.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool, dry place inaccessible to children and pets.  
**DISPOSAL:** Recycle cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

**ACCEPTED**  
AUG 6 1982  
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 4170-77

**Wasp & Hornet Insecticide**  
Quick Kill!  
Kills Wasps, Hornets & Yellow Jackets

Authorized by the USDA for use in federally inspected meat and poultry plants.  
Insecticide control for wasps, hornets, and yellow jackets.

**ACTIVE INGREDIENTS**  
• Bendiocarb (2,2-dimethyl-3,3-dihydro-2H-benzodioxol-4-yl methyl carbamate) 0.10%  
• Piperonyl Butoxide, Technical 0.50%

**INERT INGREDIENTS** 99.40%  
**TOTAL** 100.00%

• Registered by U.S. EPA, Reg. No. 4170-77  
• Equivalent to U.S. EPA Reg. No. 4170-77 (B) propyl piperonyl ether, and related compounds.

**KEEP OUT OF REACH OF CHILDREN**  
**WARNING:**  
Caution: If swallowed, seek medical attention immediately. If inhaled, get person out of area and into fresh air. If on skin, wash with soap and water.

Net Wt. 17 ounces
