DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. Remove protective cap. Hold can upright and point spray opening toward nest with the wind at your back. TO KILL WASPS, HORNETS, YELLOW JACKETS under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1 - 2 seconds or until surfaces are moist. Do not apply to pets or contaminate feed, foodstuffs, dishes, or utensils. Avoid spraying vegetation directly.
