\*Trademark of Union Carbide Corporation for the active ingredient 1-naphthyl N-methylcarbamate

**DIRECTIONS FOR USE** 

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS, WARNINGS AND DIRECTIONS.

**INERT INGREDIENTS:** 

GRAPES: GRAPE LEAF FOLDER: 1st Brood: 20 to 25 lbs. per acre just before first brood larvae emerge from the first rolls. 2nd and 3rd Broods: 20 to 40 pounds per acre. May be applied up to harvest. Grape Leafhopper - 20 pounds per acre. Thorough coverage is essential. This application may be expected to control DDT-resistant leafhoppers.

BEANS: MEXICAN BEAN BEETLE: 10 pounds per acre. Leafhoppers — 20 pounds per acre. Lygus, Stink Bugs - 40 pounds per acre. May be used up to harvest. Apply thoroughly at first signs of insect infestation. When necessary repeat every 7 to 10 days. Do not feed treated vines to meat or dairy animals.

CORN: CORN EARWORM: 30 to 40 lbs. per acre. Apply at 3-day intervals starting when silks first appear. Make 4 to 5 applications until silks dry or turn brown. May be applied up to harvest on sweet corn to be used for human consumption. To avoid excessive residues on fodder and forage, do not apply within 7 days of harvest.

POTATOES: COLORADO POTATO BEETLE: 10 pounds per acre. Leafhopper and Flea Beetle - 20 pounds per acre. Lygus Bugs - 40 pounds per acre. Apply when insects appear. Apply dust thoroughly to upper and lower leaf surfaces. If needed, repeat applications at 7 to 10-day intervals.

TOMATOES: TOMATO FRUITWORM, FALL ARMYWORM, FLEA BEETLES, RUSSET MITE: 30 to 40 lbs. per acre. Tomato Hornworm, European Corn Borer, Stink Bugs -60 to 70 lbs. per acre. May be applied up to the day of harvest. Apply thoroughly at first signs of insect infestation. Repeat as necessary.

PEANUTS: Apply at the rate of 20-30 lbs. per acre to control Thrips, Leafhoppers, Cucumber Beetles, Bean Leaf Beetle, Velvet Bean Caterpillar, Corn Earworm, Armyworm and Leaf Spot Disease. Can be used up to day of harvest. For disease control apply when plants are 40 days old and repeat every 10 - 14 days for 4 applications. Repeat applications after rains.
