Cleaner-Sanitizer II

active ingredients:

sodium carbonate 42.2%
trisodium phosphate 10.0%
alkyl (C₁₄ — 50%, C₁₂ — 40%
C₁₆ — 10%) dimethyl benzyl
ammonia chlorides 2.5%
inert ingredients 45.3%
total 100%

FIRST AID

Skin and eyes: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician.

Ingestion: If swallowed drink milk, egg whites, gelatin solution, or, if these are not available, large quantities of water. Avoid alcohol.

Call a physician

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Directions for Use-General Classification

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

- 1 Add one package (2 oz.) of powdered Cleaner-Sanitizer II to a gallon of warm water (about 120° F)
- 2 Immerse soiled safety equipment in the solution and scrub gently and thoroughly with a soft brush until clean
- 3 Rinse in clean warm water (about 120° F) and then air dry

CAUTION: Cleaning and sanitizing at the recommended 120° F temperature will avoid overheating and distortion of parts which necessitate replacement

active ingredients:

| | |
|---|-------|
| sodium carbonate | 42.2% |
| trisodium phosphate | 10.0% |
| alkyl (C ₁₄ — 50%, C ₁₂ — 40%, C ₁₀ — 10%) dimethyl benzyl ammonia chlorides | 2.5% |
| inert ingredients | 45.3% |
| Total | 100% |

For cleaning and sanitizing personal protective equipment such as respirators, gas masks, breathing apparatus, goggles, spectacles, faceshields, hearing protectors, and protective headwear.

Cleaner-Sanitizer II is bacteriostatic. Residual bacteriostatic film inhibits the growth of bacteria and at recommended use dilution (2 oz./gal.), retains its germicidal efficiency in hard water up to 500 ppm hardness as calcium and magnesium. Will not deteriorate with age.

Cleaner-Sanitizer II is noncorrosive in use dilutions. Contains no mineral abrasives. Will not deteriorate rubber, plastic, glass or metal parts.
