MADE FOR
MINE SAFETY APPLIANCES COMPANY
PITTSBURGH PENNSYLVANIA U.S.A. 15270

FIRST AID

Skin and eyes: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician.

Ingestion: If swallowed drink milk, egg whites, gelatin solution, or, if these are not available, large quantities of water. Avoid alcohol.

Call a physician.

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Directions for Use-General Classification

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

1. Add one package (2 oz.) of powdered Cleaner-Sanitizer II to a gallon of warm water (about 120°F).
2. Immerse coated safety equipment in the solution and scrub gently and thoroughly with a soft brush until clean.
3. Rinse in clean warm water (about 120°F) and then air dry.

CAUTION: Cleaning and sanitizing at the recommended 120°F temperature will avoid overheating and distortion of parts which necessitate replacement.

MSA (U.S.) Rev. 9

MSA

2 oz. Package

Not Reviewed. Registrant claims to be in accordance with the registration of FIFRA with the Federal Guidance for Phase 2. EPA Registration No. 4204-4. Status: In Status.

2/3

For cleaning and sanitizing personal protective equipment such as respirators, gas masks, breathing apparatus, goggles, spectacles, face shields, hearing protectors and protective headwear.

Cleaner-Sanitizer II at recommended use dilution, (2 oz./gal.), retains its germicidal efficiency in hard water up to 500 ppm hardness as calcium and magnesium.

Cleaner-Sanitizer II is noncorrosive in use dilutions. Will not deteriorate rubber, plastic, glass, or metal parts.

Bactericidal strength of Cleaner-Sanitizer II has been verified by A.O.A.C. Use Dilution Confirmation Test against the organisms *Salmonella choleraesuis* and *Staphylococcus aureus*.

Cleaner-Sanitizer II will not deteriorate with age.
