NOTIFICATION
10/27/96

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Notification to add alternate trade name

This notification is consistent with the provisions of PR Notice 95-2 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.A. Sec. 1001 to wilfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 95-2 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Sulfodene® SCRATCHEX® Colorful Flea & Tick Collar for Dogs

Exclusive Deodorizing Formula Fresh-scent action fights odor as it kills fleas

ONE SIZE FITS ALL- TRIM TO SIZE This collar is designed to fit 99% of all dogs. In rare instances (for example, well developed St. Bernard's or Mastiffs) the collar may be short. If found short for your dog, return to address on top panel for a box for full purchase price refund.

GUARANTEED 12 Month Flea Killer*
GUARANTEED 7 Month Tick Killer*

Aids in prevention of sarcoptic mange up to 5 months

Sulfodene® SCRATCHEX® Colorful Flea & Tick Collar for Dogs provides full season, 12 month flea killing powder (and 7 month protection against ticks). It's guaranteed!

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Do not open package until ready to use. This collar is intended for use as an insecticide generator and is not intended to be taken internally by man or animals. Not intended for use by humans. Do not allow children to play with this collar. Wash hands with soap and water after handling collar. Do not use on sick or debilitated animals or dogs under 12 weeks of age.

Do not use other cholinesterase inhibiting insecticides on your animals while wearing collar. Some dogs may be sensitive to this collar. Remove at first sign of irritation or adverse reaction (muscular tremor, salivation, vomiting and/or diarrhea).

The insecticide in this collar is a cholinesterase inhibitor.

NOTE to Physician/Veterinarian: Atropine only by injection is antidotal. Use only if symptoms of cholinesterase inhibition are present.

ACTIVE INGREDIENTS: Chlorpyrifos (0,0 diethyl 0-(3,5,6-trichloro-2-pyridyl) phosphorothioate) 8.0%
INERT INGREDIENTS 92.0%

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Sulfodene® SCRATCHEX® Colorful Flea & Tick Collar for Dogs contains chlorpyrifos insecticide, one of the longest lasting flea and tick killers available for use on dogs. This collar will reach its maximum effectiveness within 2 to 3 days after placing it on the dog and will continue to protect your dog against fleas for up to 12 months and ticks up to 7 months. Place the collar around the dog's neck, buckle and adjust for proper fit. Cut off close to buckle and dispose of excess length. The collar must be worn loosely so that two fingers may be placed between collar and dog's neck. If collar is worn too tightly, it may produce neck irritation. Fleas and ticks present in the dog's environment that may reappear on your pet will be killed by the action of this collar. Collar's effectiveness is not diminished by normal wetting such as rainfall. Use only one collar on an animal at a time.
