This disinfectant at use-dilutions of 2 ozs. per gallon of water is effective in killing the pus germ, Staphylococcus aureus, and the typhoid germ, Salmonella typhosa, on environmental surfaces in rest homes, hotels, motels, schools, public buildings.

It is truly a wide-range bactericide that in use-dilutions has a pleasing aroma of freshly crushed mint leaves.

Use on toilets, urinals, lavatories, shower stalls, floors, walls, refrigerators, rubber and plastic surfaces. Force water from toilet bowl thru trap, using mop or force cup; pour 1-1/2 ozs. into bowl, mop all surfaces, allow to stand at least five minutes. Flush.

ed cautions on right panel.

For best results, clean surface to be disinfect-
ed, then mop or spray with solution of 2
ounces disinfectant per gallon of water. Keep
surface wet for at least five minutes. For
moderately soiled surfaces, use 3 ounces
germicide per gallon of water. Warm solu-
tions are more effective.

CAUTION: Harmful if
swallowed. Avoid
contact with skin and eyes. In case of contact,
flush with plenty of water. Wash thoroughly
after use. Avoid contamination of feed and
foodstuffs. Rinse empty container thoroughly
with water after use and discard it.
