

10-1-72

**For Cleaning and Sanitizing Food Processing Equipment:** Clean and rinse equipment thoroughly. Then apply a solution of 4 ounces of POWER-PLUS Germicidal Cleaner per 5 gallons of water by flooding the surface, mopping or wiping on. No rinse is required after this step.

**To Control Mold and Mildew:** Dilute 4 ounces of POWER-PLUS Germicidal Food Plant Cleaner per gallon of water. Apply to the walls and floors where the fungus grows such as proofing rooms in bakeries and cold storage rooms. If the infestation is heavy, pre-clean the area by using a solution of 4 to 6 ounces per gallon of water by spraying or mopping on to the pre-cleaned surface. Repeat application in 7 days or as necessary to maintain control or when new growth appears.

**NOTE:** Do not reuse empty container. Return to drum reconditioner or destroy by perforating and burying in a safe place.

**DANGER:** Causes eye damage. Causes skin irritation. Do not get in the eyes, on skin or clothing. Protect eyes when handling the concentrated product. Harmful if swallowed. Avoid contamination of food.

**FIRST AID:** If swallowed, drink large quantities of milk, raw egg white, gelatin solution, or if these are not available, drink large quantities of water. Call a physician.

**NOTICE: KEEP FROM FREEZING.** If this product is stored in cold or freezing weather, it may separate or thicken. This will not harm the performance. Before using warm to room temperature and stir thoroughly.

For best results, clean surface to be disinfected, then mop or spray with solution of 2 ounces disinfectant per gallon of water. Keep surface wet for at least five minutes. For moderately soiled surfaces, use 3 ounces germicide per gallon of water. Warm solutions are more effective.

This disinfectant at use-dilutions of 2 ozs. per gallon of water is effective in killing the pus germ, *Staphylococcus aureus*, and the typhoid germ, *Salmonella typhosa*, on environmental surfaces in rest homes, hotels, motels, schools, public buildings.

It is truly a wide-range bactericide that in use-dilutions has a pleasing aroma of freshly crushed mint leaves.

Use on toilets, urinals, lavatories, shower stalls, floors, walls, refrigerators, rubber and plastic surfaces. Force water from toilet bowl thru trap, using mop or force cup; pour 1-1/2 ozs. into bowl, mop all surfaces, allow to stand at least five minutes. Flush.

*Thrifty*
