

NOTICE OF PESTICIDE: REGISTRATION
 REREГИSTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT
**Self-Sanitizing Flow Flex
Floor Finish**

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Rees # 4514-37
**Carroll Company, Inc.
2900 West Kingsley Road
Garland, TX 75041**

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product. Make the following labeling changes before you release the product for shipment:

Acute Inhalation;

1. Additional data is needed before a waiver can be granted on this product. You need to submit vapor pressure data on the end-use formulation and Material Safety Data Sheet (if available) on the inert ingredients present in the formulation.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

754

Labeling;

1. The appropriate signal word is "caution." No other text should appear on the same line before or after the signal word.
2. The statements of practical treatment should read as follows:

IF ON SKIN; Wash with plenty of soap and water. Get medical attention.
3. The precautionary statements should read as follows:

Harmful is absorbed through skin. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling.
4. Additional precautionary statements may be required following the submission of the requested data.
5. "Directions for Use" must include the statement, "Avoid contamination of foods."

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

This copolymer finish is designed for use in hospitals, laboratories, nursing homes, institutions, commercial buildings, and households.

It contains a chemical ingredient which provides residual bacteriostatic activity against odor-causing bacteria.

odor-causing Damp mopping activates the bacteriostatic qualities of the floor finish. Tests on floors treated as directed show a reduction of bacteria levels of 99.999% in environments having greater than 50% relative humidity.

Its long-lasting shine is remarkably resistant to rubber marking and scuffing.

One gallon will cover 2000 to 2500 square feet.

Wet floors may be slippery floors. Clean up all spills right away.

FAILURE TO FOLLOW ALL INSTRUCTIONS AND PRECAUTIONS COULD LEAD TO SLIPPERY CONDITIONS.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Keep container closed when not in use.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Plastic Containers - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by State and local authorities, by burning. If by burning, stay out of smoke.

SELF-SANITIZING FLOOR FINISH

(Against Odor-Causing Bacteria)
Active Ingredients: Alkyl (derivative) of fatty acids of coconut oil, amine hydrochlorides . . .
Inert Ingredients:

CAUTION: Keep out of reach of children.
See right panel for additional information.

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin.
Avoid contact with skin. If in contact, wash
thoroughly. If irritation develops, get
medical attention. Prolonged or frequently
repeated skin contact may cause allergic
reactions in some individuals.

DIRECTIONS FOR USE
It is a violation of Federal law to use this
product in a manner inconsistent with its labeling.

Clean floors thoroughly, rinse and allow to dry
before applying first coat of copolymer floor
finish.

Use clean applicator. Apply the finish in a thin,
uniform coat and allow to dry. A second coat will
give an even deeper gloss. To avoid contamination,
do not return unused finish to original container.

Sweep or dry mop each day to remove surface dirt.
Damp mop with water or dilute solution of neutral
cleaner to remove accumulated soil. Buff to
brighten.

Avoid contamination of foods.
