DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This is an extremely effective cleaner and disinfectant, recommended for general hospital use on hard, non-porous surfaces such as floors, walls, woodwork, and equipment in all departments.

For disinfection, use 1/2 oz. to each gallon of water. This product is effective in controlling *Staphylococcus aureus*, *Pseudomonas aeruginosa*, *Salmonella choleraesuis*, *Mycobacterium tuberculosis var bovis* (BCG), *Trichophyton mentagrophytes*.

Before disinfecting, remove heavy soil and thoroughly pre-clean surfaces. Apply solution; allow to remain wet for at least ten minutes. Mop or wipe up. For heavy duty cleaning, first remove loose soil. Use 2 oz. per gallon of water, mop or wipe on; allow to soak several minutes, remove.

For rapid cleaning, use 4 oz. per gallon of water in automatic scrubbing machines. Always rinse floors before applying polish or wax.

For daily maintenance of waxed floors, damp mop with solution of 1-1/2 oz. per gallon of water to remove most soils.

Recommended for use in hospitals, clinics, veterinary hospitals, rest homes, athletic departments, industrial plants — where a need exists to clean and disinfect thoroughly.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Do not reuse empty container. Triple rinse and dispose of in an incinerator or landfill approved for pesticide containers, or bury in a safe place. Pesticide, spray mixture, or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.
