

For best results, clean surface to be disinfected, then mop or spray with a solution of 1-1/2 ounces disinfectant per gallon of water — keep surface wet for at least ten minutes. For moderately soiled surfaces, use 2-1/2 ounces germicide per gallon of water. Warm solutions are more effective.

Use on toilets, urinals, lavatories, shower stalls, floors, walls, refrigerators, rubber and plastic surfaces. Force water from toilet bowl thru trap, using mop or force cup; pour 1-1/2 ozs. into bowl, mop all surfaces, allow to stand at least ten minutes. Flush.

To deodorize laundry, use 1 ounce per gallon of water in next to final rinse after laundering. Rinse.
