

Not Reviewed. Registrant claims to be in accordance with Reregistration of Pesticide Product Guidance for Phase 2 Response, Page 2, 12, Active to Inert Change in Status.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This disinfectant makes a bright, clear solution when mixed with water. Do not mix with soap or other detergents. Use in rest homes, hotels, motels, schools, public buildings. This product should not be used on surfaces which will come in contact with food unless the surface is thoroughly scrubbed with detergent and rinsed with potable water prior to reuse.

Remove all litter and gross filth from surfaces prior to application of solution. Apply the disinfecting solution and keep surfaces wet for at least 10 minutes. Flush surfaces with water after disinfecting.

Use 2 oz. disinfectant per gallon of water to control Staphylococcus aureus and Salmonella choleraesuis on toilet seats or exterior bowl surfaces, shower stalls, refrigerators, diaper pails, garbage cans, restroom floors.

Use 1 oz. disinfectant per gallon of water for deodorizing. Mop or spray walls, filters, evaporative cooler pads, public conveyances.
