Garland, Texas 75041

Subject: Carroll Non-Acid Ready-to-Use Restroom Disinfectant Cleaner  
EPA Registration No. 4313-74  
Amendment dated: June 28, 2002  
EPA Received date: July 12, 2002

Dear: Ms. Linda Campbell,

The following amendment submitted in connection with registration under section of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) as amended, is acceptable with comment.

**Proposed Amendment**

- Resubmission in response to Agency letter dated June 23, 2002.

**Label Comments**

1. Revise your Storage and Disposal Statements to read:

**STORAGE AND DISPOSAL**

**DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL**

Store in original container in areas inaccessible to children. Securely wrap empty container in several layers of newspaper and discard in trash or recycle.

**General Comments**

A stamped label is enclosed for your records. Please submit a copy of your final printed label before distributing or selling the product bearing the revised labeling. If you have any questions regarding this comment, please contact Velma Noble at (703) 308-

**PROFESSIONAL PRODUCTS**

This product is a one-step cleaner disinfectant designed for daily use on all bathroom surfaces. A clear, blue, viscous liquid, it has a distinctive, fresh fragrance and is used undiluted. It is non-fuming, contains no acids or abrasives, and will not harm glazed porcelain, plastic, fiberglass, glazed ceramic, tile, Formica, or glass. It will not discolor metal plated surfaces or damage soft metal fittings such as brass or copper.

NOT RECOMMENDED FOR MARBLE SURFACES.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Effective against: *Staphylococcus aureus*, *Pseudomonas aeruginosa* and *Salmonella choleraesuis*.

To clean and disinfect tubs, sinks, tile, shower doors, vanity tops: Remove gross filth and heavy soil, apply with a damp mop or sponge, wet all surfaces thoroughly, allow to remain for 10 minutes; rub clean and rinse.

On toilet bowls and urinals: Agitate surface with wetted toilet mop to remove gross filth. Force water from bowl through trap, using mop or force cup. Use flip-top cap and squirt under rim of bowl and around top of urinal. Disinfectant will slowly run down sides of fixtures coating the entire surface. Swab or mop thoroughly especially under the rim. Let stand 10 minutes, then flush.

Recommended for use in hotels and motels, hospitals, office buildings, schools, public buildings, restaurants, commercial, institutional or industrial buildings.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**WARNING:** Causes substantial but temporary eye injury. Harmful if absorbed through the skin. Do not get in eyes or on clothing. Avoid contact with skin. Wear protective eyegear (goggles or faceshield). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**FIRST AID**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**STORAGE AND DISPOSAL**

Store in original container in areas inaccessible to children. Securely wrap empty container in several layers of newspaper and discard in trash or recycle.
