DIRECTIONS

Hang cloth bag in closet or lay on shelf or in drawer. Contents of this bag will treat up to 700 cu.ft. Sun-Pac fumes are heavier than air. For best results place bag at highest point in area to be protected. Sun-Pac quickly and effectively rids all areas of mildew, musty odor. Occasional inspection to replenish supply if continued effectiveness is desired. Do not store photographic film in same area.

For musty odor in bedding, place one bag Sun-Pac along with mattress, quilts, blankets, sheets, in a sealed closed space no larger than 100 cu.ft. Leave articles 24 hours. Bedding will be clean, sweet and fresh.

PROTECTS

Fabrics - Leather - Papers - Wood

When closing home for vacation or season, place one bag Sun-Pac for each 700 cu. ft. of space. Use only in unoccupied rooms. Rooms must be ventilated thoroughly before re-entry. Home will be sunshine fresh, no mildew or musty odors.

FOR MAXIMUM EFFECTIVENESS - KEEP VAPORS CONFINED AS MUCH AS POSSIBLE

Causes irritation of skin, eyes, nose and throat. May be fatal if swallowed. Do not breathe vapor. Avoid contact with skin and eyes. In case of contact, flush with plenty of water; for eyes - get medical attention. If irritation persists, get medical attention.

FIRST AID: If swallowed, give salt and water and repeat until vomit fluid is clear. Give milk or white of egg beaten with water.

Call a physician immediately
