DIRECTIONS FOR USE

Remove cellophane - replace cakes in box and hang where desired. Brush and clean clothes before entering. Contents of closet, trunk or other articles should be cleaned before cakes are used. These 4 cakes should be used for each 75 cubic feet of tightly closed closets, drawers or chests for moth protection. Remove all plugged up holes in this container prior to use. Areas where this product is to be used must be tightly closed to be effective. For prevention of mildew, additional material must be added when treated space is opened or unsealed.
