

ALGAE-RID

U.S.D.A. Reg. No. 4389-20

ALGAE-RID is an algaecide designed to prevent algae growth in swimming pools. ALGAE-RID can be used with the usual water treatment chemicals and is safe in pool dilution.

ACTIVE INGREDIENTS:

Methyldodecylbenzyl trimethyl ammonium chloride 8.0%
Methyldodecylxylylene bis (trimethyl ammonium chloride) 2.0%

INERT INGREDIENTS: 90.0%

7-6-71
4389-20

DIRECTIONS

1. In freshly filled pools or pools showing no visible algae growth, add one gallon ALGAE-RID per 25,000 gallons of water to prevent algae growth.
2. If algae growth is observed, add one gallon ALGAE-RID for each 10,000 gallons of water to kill and control those algae species most commonly found in swimming pools. When existing growth is dead, clean the pool, drain and refill if necessary, and add one gallon ALGAE-RID per 25,000 gallons of water.
3. If the pool water treated as in (1) or (2) above is recycled, add one gallon of ALGAE-RID per 50,000 gallons of water every five to seven days, to maintain between two and five parts per million of active ingredient. (See serviceman for test kit).
4. If the pool water treated as in (1) or (2) above is not recycled or not filtered, it should be tested periodically to determine the active ingredient content. When necessary, one gallon ALGAE-RID per 50,000 gallons of water should be added to maintain two to five parts per million of active ingredient.

NOTE: This product is toxic to fish. Do not discharge treated water into lakes, streams or ponds.

DANGER

KEEP OUT OF THE REACH OF CHILDREN. Causes severe eye damage. May cause skin irritation. Do not get in eyes or on skin. Harmful, if swallowed. Avoid contamination of food. In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention. In case of skin contact, flush with plenty of water for 15 minutes. Remove and wash contaminated clothing before use. Rinse empty container thoroughly with water and discard it.

FIRST AID, if swallowed, drink large quantities of milk, egg whites, gelatin solution and water. Do not induce vomiting.
