### CLEANING

To Clean & Deodorize or to Preclean Prior to Disinfection: Depending on the soil level of the area to be cleaned, use 3 to 12 ounces of this product per gallon of water.

### DISINFECTING

Hospitals, Veterinary Clinics, Nursing Homes: Use 7½ oz. of this product per gallon of water (1 part to 16 parts water) for one-step cleaning & disinfection of areas with light to medium soil loads. For heavily soiled areas, preclean as described above & then disinfect with this product at 6 oz. per gallon (1 part to 20 parts water).

Industrial areas, Barber shops, Restrooms, Restaurants, Food & Meat Processing Plants (non-food processing areas), Other Non-Medical uses: Preclean surfaces. Then, disinfect with a solution of 4 oz. of this product in a gallon of water (1 part to 32 parts water). Alternatively, clean & disinfect in one operation using 7½ oz. of this product per gallon of water.

For deodorizing garbage cans, garbage trucks, industrial waste receptacles, & garbage handling equipment. It is especially important to preclean for the product to perform properly. Then, apply a wetting concentration of 16 oz. of this product per gallon of water.

For mildew control: Follow directions for hospital disinfection. Repeat treatment every seven days, or when new growth appears.

This product may be used through automatic floor scrubbing equipment.

This product must not be used on food contact surfaces.

**STORAGE & DISPOSAL:** Store only in tightly closed, original container in a secure area inaccessible to children & away from food or feed. **CONTAINER**
