

DIRECTIONS

CLEANER-SANITIZER: Iodorite is an efficient and economical germicidal sanitizer. Requires no rinsing. Use 75 PPM Iodine for cleaning and sanitizing in a single operation. Use 150 PPM Iodine for porous surfaces and difficult to reach areas.

GERMICIDAL RINSE: For sanitizing previously cleaned non-porous surfaces, rinse with solutions containing 12.5 PPM Iodine for a contact time of two minutes, unless otherwise specified by governing sanitary code. Increase Iodine Concentration to 25 PPM for sanitizing previously cleaned porous surfaces. Surface should be allowed to air dry.

HOSPITALS USE 75 PPM.

CAUTION: Harmful if swallowed. Causes skin irritation. Avoid contact with skin and eyes. In case of contact, flush skin and eyes with plenty of water for 15 minutes. For eyes get medical attention. Avoid contamination of food.

NET CONTENTS ONE GALLON

Chemex 769

IODORITE

CONCENTRATE

New Free Rinsing Germicide & Cleaner

**FOR USE IN RESTAURANTS, DAIRYS, HOSPITALS
FOOD PROCESSING PLANTS, INSTITUTIONS, ETC**

CAUTION: Keep Out Of The Reach Of Children.

SEE LEFT PANEL FOR ADDITIONAL WARNINGS

USDA Reg. No. 4450-18

ACTIVE INGREDIENTS:

Nonylphenoxypoly(ethyleneoxy)ethanol Iodine Complex 13.75%

Phosphoric Acid 9.00%

INERT INGREDIENTS 77.25%

Total 100.00%

Available Iodine for Germicidal use 1.75%

GENERAL INFORMATION

ODORITE is its own indicator of germicidal activity. In use dilutions it has a rich amber color. As long as color remains, solution possesses germicidal properties. When color is completely gone, solution should be discarded and new solution prepared.

CHARACTERISTICS

- Effective in cold or hot water
- Kills rapidly, kills most micro-organisms on contact
- Germicidal activity is not reduced by hard water.
- Will not leave a detectable taste or odor on the sanitized surface when used as directed.
- Retards formation of carbonate scale on equipment.
- A powerful penetrant enables the germicide to reach hard to contact areas.

DILUTION TABLE

Available Iodine	Ounces of Iodorite to 5 gals. water	Ounces of Iodorite to 10 gals. water
150 PPM	6 Ounces	12 Ounces
125 PPM	5 Ounces	12 Ounces
100 PPM	4 Ounces	8 Ounces
75 PPM	3 Ounces	6 Ounces
50 PPM	2 Ounces	4 Ounces
25 PPM	1 Ounce	2 Ounces
12 1/2 PPM	1/2 Ounce	1 Ounce
