

[4462-12]

**KILLS AND REPELS**  
**Horn Flies, Stable Flies,**  
**House Flies, Mosquitoes, Gnats**

**Use as a Space Spray**

To clear enclosed area of flies, gnats, and mosquitoes, spray toward the ceiling and corners until the area is filled with a light mist. Use 2 to 3 ounces per 1000 cubic feet of space. For best results close all doors and windows and keep them closed for 10 to 15 minutes after spraying. Vacate treated areas and ventilate before reoccupying. Repeat treatment when reinfestation occurs.

**Use as a Cattle Spray**

To protect cattle against attacks of stable flies, house flies, horn flies, mosquitoes and gnats, apply just enough to wet the tips of the hair but not enough to soak the skin. Two ounces is enough to treat an adult cow. Apply once daily preferably in the morning. Repeat at daily intervals or as necessary to give continued protection.

For Control, Exposed Stages Only, of Insect Pests, Of Stored Grain and Food Products.

This product is a finished insecticide, in ready to use form, for control of certain insect pests of stored grain, stored food and food products. It may be used as a surface treatment or as a contact spray in standard or special equipment.

This product contains piperonyl butoxide. It kills on contact the exposed (or accessible) stages of the granary weevil, rice weevil, confused flour beetle, rust red flour beetle, spider beetles, angoumois grain moth, Mediterranean flour moth, meal worms, cigarette beetle, drug store beetle, cheese mites and drain mites.

**Fly Spray**

ACTIVE INGREDIENTS	100%
*Piperonyl Butoxide, Technical	0.30%
Pyrethrins	0.03%
Petroleum Distillate	99.67%
*Equivalent to 0.24% (butylcarbityl) (6-propylpiperonyl) ether and to 0.06% related compounds	

**CAUTION KEEP OUT OF REACH OF CHILDREN**  
(See side panels for additional precautions.)

This product is useful in mills, elevators, granaries, warehouses, food storages, and other situations where a fast acting insecticide is required. As a space or vapor spray, it gives rapid kills of flying and crawling stages.

**CAUTION: HARMFUL IF SWALLOWED.** Avoid contamination of feed and foodstuffs.

The use of this product in food processing plants should be confined to time periods when the plant is not in operation. Foods should be removed or covered before treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.

Remove pets, birds, and cover fish aquaria before spraying. This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as directed on the label.

Do not reuse empty container. Destroy by perforating or crushing and burying in a safe place.
