When used according to directions will kill ticks, lice, fleas and gnats on contact, and repel flies, mosquitoes and gnats. Destroys doggy odors due to skin bacteria.

DIRECTIONS: Apply spray to animals from a distance of 10 to 12 inches. Start spraying at the tail, moving the spray rapidly and making sure the animal's entire body is covered including the legs and under portion of body. As you spray fluff the coat so the spray will penetrate to the skin. Spray only until hair is slightly damp. Do not spray in eyes, face or scrotum. For best results spray animal's bed and living quarters regularly. Repeat treatment weekly, but at no shorter intervals. For best results spray ticks directly. Spray animal approximately 1 second per pound of body weight.

WARNING: KEEP OUT OF REACH OF CHILDREN.
