### USE DIRECTIONS:

After mixing according to instructions on front panel, use without subsequent dilution. The surfaces to be disinfected are cleaned in the normal manner, followed by a final clean water rinse containing this product. To achieve optimum effect, do not add to nor mix with any other product. This rinse may be applied by dipping, sponging or mopping.

Recommended wherever disinfecting, deodorizing and sanitizing is required. Use on floors, walls, and fixtures in waiting rooms, treatment rooms, restrooms, sickrooms, kitchens, etc., of clinics, hospitals, institutions, industrial plants, schools, hotels, motels, churches, etc. Particularly toilet seats, bowls, urinals, bed pans, garbage and waste containers.
