STATEMENT REGARDING TREATMENT

...
...
...
...
...

THIS DISINFECTANT reduces the surface tension of water improving its wettability. Microbes are capable of mass reproductions in sub visible pores, scratches and cracks of surfaces. The excellent wettability of THIS PRODUCT improves the penetration of the use solution into areas that otherwise might not be reached.

THIS DISINFECTANT is effective against a wide variety of gram positive and gram negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin. Has a pleasant lemon odor. THIS DISINFECTANT mixes with water to form clear, stable use solutions. Use solutions are non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and common metals.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION.

Do not get in eyes or on skin or clothing. Avoid contact with food. Avoid contact with children. Avoid breathing spray mist.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into streams, ponds, or other bodies of water. Do not mix with anhydrous ammonia. Do not contaminate water by cleaning of equipment, floors, and wastes.

STORAGE AND DISPOSAL

Store only in tightly closed original container in a secure area inaccessible to children and away from children and away from food and feed.

Do not reuse empty containers. Rinse thoroughly before discarding in trash.
