HB FULLER®

**MONARCH**™

**MON-O-DINE**®

**DIRECTIONS**

**MILKING MACHINES — Sanitizing with Mon-O-Dine:**® After thorough cleaning, rinse with 1/2 ounce Mon-O-Dine to each 5 gallons lukewarm, 90 F. water to aid in reducing contamination of equipment from contaminated rinse water and by possible carryover of organic matter from the wash tank. Provides 12.5 ppm titratable iodine. Allow washed equipment to soak in rinse solution for at least two minutes. Before milking, reassemble and flush machines with 1/4 ounce Mon-O-Dine in 10 quarts of water. Provides 12.5 ppm titratable iodine.

**BULK COOLERS — Sanitizing with Mon-O-Dine:**® After cleaning and rinsing with clean water — apply with brush or spray — 1/4 ounce of Mon-O-Dine to 10 quarts of warm water. Provides 12.5 ppm titratable iodine.

**TEATS, UDDERS AND FLANKS —** Soak clean paper towel (one for each cow) in 1 ounce Mon-O-Dine to 10 quarts lukewarm water (110 F.). Provides 50 ppm titratable iodine. Never reuse toweling or dip used towel back into solution. Always use freshly prepared solutions and non-corrodible utensils.

**Concentrated Product — Must Be Diluted Before Using**

1/2 ounce to 5 gallons water ..... 12.5 ppm titratable iodine  
2 ounces to 5 gallons water ..... 50.0 ppm titratable iodine

Meets the requirements of Federal Regulations No. 121-2547 for no rinse applications where the use dilution does not exceed 25 ppm titratable iodine. E.P.A. Reg. No. 4524-15. E.P.A. EST. No. 4524-MN 1 U.S. Pat. No. 2,931,777.

**ACTIVE INGREDIENTS:** alpha (p-Nonylphenyl)-omega-hydroxypoly (oxyethylene) - Iodine Complex. Provides min. of 1.75%  
Titratable Iodine ..... 23.0 %  
Glycolic Acid ..... 8.75 %

**INERT INGREDIENTS:** ..... 68.25 %

**STORE IN COOL PLACE BUT KEEP FROM FREEZING. REPLACE CAP WHEN NOT IN USE.**

**CAUTION: HARMFUL IF SWALLOWED — KEEP OUT OF REACH OF CHILDREN**

Avoid getting in the eyes or on skin. In case of contact, flush with plenty of water. If irritation persists, get medical attention. Do not use water over 120°F. in preparing solutions. Do not apply to hot surfaces. Must not come in contact with food. Avoid contamination with soap, anionics and alkaline materials. "Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place."
