

FEDERAL TOXIC POISON REGISTER  
EPA UNDER NO. 4570-12

# Sail

**BACTERIOSTATIC  
FABRIC  
SOFTENER  
CONCENTRATED**

**WHITENS \* BRIGHTENS**

**INHIBITS THE GROWTH OF MANY BACTERIA**

<b>ACTIVE INGREDIENTS:</b>		
n-Alkyl (60% C <sub>14</sub> , 30% C <sub>16</sub> , 5% C <sub>12</sub> , 5% C <sub>18</sub> )		
Dimethyl Benzyl Ammonium Chloride		0.8%
n-Alkyl (68% C <sub>14</sub> , 32% C <sub>16</sub> )		
Dimethyl Ethylbenzyl Ammonium chloride		0.8%

<b>INERT INGREDIENTS:</b>	98.4%
---------------------------	-------

CONTAINS SOFTENER, BRIGHTENER, DETERGENT AND STABILIZERS

**CAUTION: KEEP OUT OF REACH OF CHILDREN**  
See back panel for additional cautions

**33 FL.OZ. (1 QT. 1 OZ.)**

# Sail

**BACTERIOSTATIC  
FABRIC SOFTENER  
CONCENTRATE**

**INHIBITS THE GROWTH OF MANY BACTERIA**

SAIL BACTERIOSTATIC FABRIC SOFTENER contains a bacteria control agent which is deposited on fabrics when rinsed as directed. When conditions for bacteria growth are present - dampness and warmth - this bacteria control agent inhibits the growth of harmful bacteria such as staphylococcus aureus. Effective bacteria control activity is maintained until washed out. SAIL BACTERIOSTATIC FABRIC SOFTENER will effectively inhibit the growth of ammonia producing organisms (bacillus ammoniagenes) which act on urine on diapers to produce ammonia.

SAIL BACTERIOSTATIC FABRIC SOFTENER is recommended for use on all washables. Diapers are left soft and more absorbent, eliminating chafing due to harsh diapers. Towels, blankets, sweaters, sheets, pillow cases and bed spreads are left softer, fluffier and fresher and easier to manage. Eliminates "static cling" when used on nylon and other synthetic fabrics. SAIL BACTERIOSTATIC FABRIC SOFTENER contains a brightening agent which brightens colored fabrics and whitens whites. Ironing time is reduced, some clothes require little or no ironing.

**DIRECTIONS:** Use SAIL BACTERIOSTATIC FABRIC SOFTENER in the last rinse only. DO NOT POUR DIRECTLY ON TO FABRICS - add to rinse water only. Do not mix with soap, detergent, bluing or bleach. **AUTOMATIC WASHERS:** After washing cycle, set machine dial on rinse cycle and add 2 ounces (2 capfuls) of SAIL BACTERIOSTATIC FABRIC SOFTENER to the average 8 lb. wash, in 10 gallons of rinse water. **TUB WASHERS:** Add 2 ounces (2 capfuls) of SAIL BACTERIOSTATIC FABRIC SOFTENER to final rinse water, 10 gallons of rinse water and agitate for about 5 minutes, then wring out as usual. **HAND WASHING:** Use one to two teaspoons to the final rinse water in the sink, 1 to 2 gallons of rinse water, after washing small load by hand. Allow to soak for about 5 minutes, then wring out by hand.

**CAUTION:** Avoid contamination of foods. Harmful if swallowed. Avoid getting in eyes or on skin. In case of contact, flush with water. If irritation persists get medical attention.

Rinse empty container thoroughly with water and discard it.
